

STAFF REPORT
Lancaster Redevelopment Agency

RCC 3
02/09/10
MVB

Date: February 9, 2010

To: Chairman Parris and Agency Directors

From: Elizabeth Brubaker, Housing and Neighborhood Revitalization Director

Subject: **Acquisition of Real Property (vacant land) located in the vicinity of and adjacent to 45507 10th Street West**

Recommendation:

Approve the Agreement for the Acquisition of Real Property between the Lancaster Redevelopment Agency and William McGuire for property located at Acquisition of Real Property (vacant land) located at the vicinity of 10th Street West and West Avenue H-8, Lancaster, California. Funds will be appropriated from the Housing Bond proceeds.

Fiscal Impact:

The total purchase price is \$31,200.00, plus closing costs, will come from the Lancaster Redevelopment Agency's Low- and Moderate-Income Housing Fund, Account No. 920-3102-822.

Background:

On March 24, 2009, the Agency Board directed staff to undertake actions necessary to implement and complete the approved Desert View Neighborhood Vision Plan (DVN). The DVN is generally bounded by 15th Street West to 10th Street West, and Avenue H to Avenue I.

The basis for this action was the concern with the overall lack of maintenance, structural deterioration of the housing stock, neighborhood isolation from the larger community, poor traffic circulation, limited neighborhood access, unintended planning policy consequences, an abundance of criminal activity, code enforcement violations and the need to remove the blighting conditions and revitalize the area.

The primary objectives for the DVN Vision Plan are to enhance circulation and access; redevelop housing; improve the stability of the neighborhood; provide planning design guidance; contribute to the open space and parks goals of the community; ensure adequate infrastructure; and create the implementation tools and environmental clearance needed to realize the resultant vision plan.

One significant component of the removal of blight and revitalization of the DVN is to provide lower density multi-family residences on the west side of 10th Street West just north of Avenue I, consistent with Vision Plan recommendations for changing the density.

Recently while canvassing the area, staff contacted the owner of a piece of vacant land located in the vicinity of and adjacent to 45507 10th Street West. This property is located within the targeted multi-family residential areas on the north side of H-15 which is in the process of being transitioned into owner occupied single family residential homes. The property is of particular interest to the Agency's revitalization efforts because of the number of code violations. During negotiations, staff determined that the purchase price of \$31,200.00 was fair and equitable for both buyer and sellers.
