**NB 3. AMENDMENT TO TITLE 2 OF THE LANCASTER MUNICIPAL CODE
RELATING TO ADMINISTRATION AND PERSONNEL PERTAINING TO
THE POSITION OF DEPUTY MAYOR (continued)**

CR 1. REPORT ON THE ACTIVITIES OF THE EDWARDS AIR FORCE BASE RESTORATION ADVISORY BOARD

Council Member Crist presented the following information:

The RAB convened and conducted the following environmental restoration actions at the May 20th, 2010, meeting:

- Received a Report on Recent Updates to the Air Force's Compliance Restoration Program. Beginning FY2010-11, the Air Force has authorized use of previously restricted Environmental Restoration Account (ERA) funds to implement Compliance Restoration Program (CRP) activities. ERA will be the sole source of funding for environmental (both restoration and compliance) clean-up in FY 2011. This is significant because until now, the Air Force only funded higher priority CERCLA and Military Munitions Restoration Program (MMRP) projects. No funding was available for smaller scale, lower priority, and localized environmental compliance clean-up sites, such as UST's, OWS's, spills or waste storage sites.

CR 1. REPORT ON THE ACTIVITIES OF THE EDWARDS AIR FORCE BASE RESTORATION ADVISORY BOARD (continued)

- With the successful closure of some of the higher priority ERA sites, the Air Force Center for Engineering and the Environment (AFCEE) can now “backfill” with lower priority CRP projects. This change will optimize prioritization and resource allocation, providing consistency through consolidated sampling schedules and methods, and reduced sampling frequency and redundancy.
- Received a Report on Time Critical Removal Action (TCRA). Site 231 (North Base) is under a TCRA for excavation and removal of contaminated soil scheduled to begin this September through October 2010. Required public notification of this TCRA which will run in numerous local newspapers, including the Antelope Valley Press on May 28, 2010.

CR 2. REPORT ON THE ACTIVITIES OF THE BOARD OF DIRECTORS FOR THE ANTELOPE VALLEY TRANSIT AUTHORITY

Council Member Marquez and Council Member Crist presented the following information:

- The Board authorized the Executive Director to provide Fleet Maintenance Services with AVTA employed staff. AVTA will now hire 33 new employees to perform maintenance on agency owned buses and other vehicles. Veolia Transportation had managed the operation and maintenance of the fleet. There will be a reduction of approximately \$3,132,000 to the Veolia contract and an increase of approximately \$3,350,850 in AVTA costs. Staff says a portion of their cost can be covered by federal grants.
- Regarding the composition of the agency’s technical advisory committee (TAC), the Board voted to increase the committee size to six total members. Each jurisdiction will provide an additional staff member.
- The Board heard a report on the FY 2010-11 budget process. The budget is balanced and does not contain salary increases for employees consistent with the policies of the member jurisdictions. Jurisdictional contributions are projected at the same amount as the two previous fiscal years. The cost associated with taking the parts operation in-house is included in the budget. The projected operating reserve balance will be \$10.1 million which is nearly twice the desired minimum reserve level established by the member jurisdictions.

CR 3. REPORT ON THE ACTIVITIES OF THE BOARD OF DIRECTORS FOR DISTRICT NO. 14 OF THE COUNTY SANITATION DISTRICTS OF LOS ANGELES COUNTY

Vice Mayor Smith presented the following information:

- Approved warrants in amount of \$228,527.07. The warrants issued by the local District are for costs incurred for operation and maintenance, such as electricity, water, telephone, and chemicals, and for relatively small capital projects. Expenditures are made in accordance with the guidelines established by the budget procedure and the purchasing policy that has been adopted by the Board.
- Approved departmental invoice for \$5,552,341.97. The departmental invoice is an internal document that transfers each District's proportionate share of expenditures made by District No. 2, the administrative District, on behalf of the participating Districts in accordance with the authority granted through the approved annual budget and applicable joint powers authority.
- Approved and ordered executed joint resolution providing for approval and acceptance of negotiated exchange of property tax revenues resulting from jurisdictional change identified as annexation No. 40-139 (4-202). For any jurisdictional change that will result in a special district providing new service, the law requires the governing bodies of all local agencies that receive an apportionment of the property tax from the area within the jurisdictional change to determine by resolution the amount of the future annual tax increment to be transferred to the special district. Los Angeles County Waterworks District No. 40, through annexation, proposes to provide service to territory within the City of Lancaster. Sanitation District No. 14 will not lose any ad valorem tax revenue it currently receives from the affected territory.
