

# STAFF REPORT

## City of Lancaster

CC 4
07/13/10
MVB

Date: July 13, 2010

To: Mayor Parris and City Council Members

From: Barbara Boswell, Finance Director

Subject: **Monthly Report of Investments – May 2010**

---

**Recommendation:**

Accept and approve the May 31, 2010 Monthly Report of Investments as submitted.

**Fiscal Impact:**

None

**Background:**

Each month, the Finance Department prepares a report listing the investments for all the separate entities under jurisdiction of the City as identified in the City’s Comprehensive Annual Financial Report. These component units include: the City of Lancaster, Lancaster Redevelopment Agency, and Lancaster Housing Authority.

Portfolio Recap

May portfolio transactions:

Purchases:

<u>Description</u>	<u>Maturity</u>	<u>Yield</u>	<u>Amount</u>
Federal Home Loan (FNMA)	04/08/2013	1.21%	\$2,000,000

Federal Home Loan (FNMA)	05/25/2012	1.11%	\$1,000,000
Federal Home Loan Bank	05/26/2011	0.61%	\$3,000,000

Sold, Matured or Called:

<u>Description</u>	<u>Maturity</u>	<u>Yield</u>	<u>Amount</u>
Federal Home Loan Bank	05/25/2010	1.00%	\$2,000,000

Yields:

	<u>May 2010</u>	<u>April 2010</u>
Total Portfolio	1.188%	1.146%
Wells Fargo Sweep Account	0.010%	0.010%
Local Agency Investment Fund	0.560%	0.588%
Total Portfolio Balance:	\$121,479,785	\$130,757,163

The City had one security mature during this period and purchased four additional securities. The portfolio balance is slightly lower due to various large payments, such as payment to the L A CO Auditor Controller in the amount of \$17,479,911 (additional 09/10 SERAF payment), and various other payments for capital projects and for the purchase of real estate properties. Information received since the Federal Open Market Committee met in April suggests that the economic recovery is proceeding and that the labor market is improving gradually. Household spending is increasing but remains constrained by high unemployment, modest income growth, lower housing wealth, and tight credit. Business spending on equipment and software has risen significantly; however, investment in nonresidential structures continues to be weak and employers remain reluctant to add to payrolls. Housing starts remain at a depressed level. Financial conditions have become less supportive of economic growth on balance, largely reflecting developments abroad. Bank lending has continued to contract in recent months. Nonetheless, the Committee anticipates a gradual return to higher levels of resource utilization in a context of price stability, although the pace of economic recovery is likely to be moderate for a time. The Committee will maintain the target range for the federal funds rate at 0 to 1/4 percent and continues to anticipate that economic conditions, including low rates of resource utilization, subdued inflation trends, and stable inflation expectations, are likely to warrant exceptionally low levels of the federal funds rate for an extended period.

The City's temporary idle cash, those funds that are not immediately needed to pay current bills and not governed by bond indentures or bond resolutions, is invested in accordance with the City's adopted Investment Policy. This policy is reviewed annually by the City Council, with the latest policy adopted October 13, 2009 by Resolution No. 09-89.

The City's cash management system is designed to accurately monitor and forecast expenditures and revenues, thus enabling the City to invest funds to the fullest extent possible within the guidelines of this Investment Policy. The City attempts to achieve the highest yield obtainable through a diversified portfolio only after meeting the criteria established for safety and liquidity in that order. The principal investment objectives of the City are:

1. Preservation of capital and protection of investment principal.
2. Maintenance of sufficient liquidity to meet anticipated cash flows.
3. Attainment of a market rate of return.
4. Diversification to avoid incurring unreasonable market risks.
5. Compliance with the City's Municipal Code and with all applicable City resolutions, California statutes and Federal regulations.

The City's portfolio is a short-term and intermediate-term fixed income portfolio. The maximum maturity of any investment is 5 years, with consideration of anticipated cash flow requirements and known future liabilities. The City contracts with an investment advisory service (MBIA Asset Management Group) to assist in the effort to maximize the return on the City portfolio. The City investments include publicly traded Treasury notes, Treasury Bills, Federal Agency Investments, Time Deposits, and Local Agency Investment Fund (LAIF) under the auspices of the State Treasurer for investment. Funds invested in the LAIF are available within 24 hours, and other investments are available upon maturity at full face value. These investments enable the City and Agency to meet its expenditure requirements for the next six months, as required by state law.

The City's investments are governed by Sections 53600 et. seq. of the California Government Code. Additional limitations have been placed on the City's authorized investments by the Investment Policy (a copy is available in the Finance Department or from the City Clerk), and all investments listed on the attached report adhere to these limitations.
