

RESOLUTION NO. 11-37

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LANCASTER, CALIFORNIA, REVOKING APPROVED CONDITIONAL USE PERMIT NO. 08-08, AND REVOKING THE BUSINESS LICENSE FOR THE BAMBOO RESTAURANT, LOCATED AT 1009 WEST AVENUE I

WHEREAS, September 15, 2008, the Planning Commission approved Resolution No. 08-25 approving Conditional Use Permit No. 08-08 in accordance with the provisions of Chapter 17.32 and 17.42 of the Lancaster Municipal Code; and

WHEREAS, approved Conditional Use Permit No. 08-08 permits the on-site sale of beer and wine in conjunction with the operation of a bona fide restaurant; and

WHEREAS, Section 17.42.110 of the Lancaster Municipal Code establishes performance standards for alcohol establishments; and

WHEREAS, Section 17.42.130.C of the Lancaster Municipal Code allows the Planning Commission to set a public hearing to consider revocation of a conditional use permit for an alcoholic beverage establishment for noncompliance with said performance standards contained in said Section 17.42.110; and

WHEREAS, the Planning Commission held such a public hearing on May 16, 2011, and, after hearing all evidence presented, approved Resolution No. 11-06 revoking Conditional Use Permit No. 08-08; and

WHEREAS, the City Manager had earlier, on February 15, 2011, revoked the business license for this business based on violations of State and municipal law and regulations; and

WHEREAS, both revocations were appealed to the City Council in accordance with the provision of the Lancaster Municipal Code; and

WHEREAS, the City Council held a public hearing on the appeals on June 28, 2011; and

WHEREAS, this Council, based on the evidence presented, affirms the Planning Commission decision of May 16, 2011, and hereby adopts the following findings in support of the revocation of Conditional Use Permit No. 08-08, based upon the referenced Exhibits attached to Planning Commission Resolution No. 11-06, as attached hereto:

1. The applicant requested, received approval for, and acknowledged and accepted that Conditional Use Permit No. 08-08 allows the sale of alcohol in conjunction with the operation of a bona fide restaurant (Exhibits A, B, C, and D). The City has substantial evidence, including Exhibits G, H, and J, that the business is being operated and advertised as a nightclub within the definition contained in Section 17.42.020 of the Lancaster Municipal Code. This substantiates noncompliance with Sections 17.42.110.A and B.

2. The applicant is in violation of Condition Nos. 6, 8, 11 of Conditional Use Permit No. 08-08 (Exhibit B), based on the written report of the State ABC investigation (Exhibit H), because no printed menu was provided or available, sales of alcoholic beverages did not occur in conjunction with the sale of food, and loitering was occurring on and around the premises. This substantiates noncompliance with Section 17.42.110.C of the Lancaster Municipal Code.
3. The applicant is in violation of several conditions contained in the State ABC license for the premises, including sales of alcohol not being made in conjunction with the sale of food, loitering on or around the premises occurring, and entertainment being audible outside of the area under the control of the licensee, as documented in Exhibit H. This substantiates noncompliance with Section 17.42.110.B of the Lancaster Municipal Code.
4. The premises was expanded for use by the public, and alcoholic beverages served and consumed in the expanded area without receiving a review for possible amendment of Conditional Use Permit No. 08-08 (violation of Standard Condition No. 36, Exhibit B), proper building permits or fire safety inspections as required by the Lancaster Municipal Code and applicable building codes, or having proper license from the State ABC for a modified premises as documented in Exhibits H and I. This substantiates noncompliance with Section 17.42.110.B and C of the Lancaster Municipal Code.
5. The premises has generated a significant amount of Sheriff's Department service calls as documented in Exhibit K. Although the City has not taken formal action under Chapter 8.52 of the Lancaster Municipal Code, the premises can be defined as a chronic nuisance property under Section 8.52.030, because it has generated five or more calls for service in a 12-month period of time. This substantiates noncompliance with Section 17.42.110.A of the Lancaster Municipal Code.
6. The chronology of the operation of the business as contained in the Planning Commission staff report and substantiated in the Exhibits attached to Planning Commission Resolution No. 11-06, establishes a consistent pattern of violations of both City of Lancaster and State of California ABC regulations that warrant revocation of Conditional Use Permit.

WHEREAS, this Council hereby affirms the City Manager's decision of February 15, 2011, and hereby adopts the following findings in support of the revocation of the business license for Bamboo Restaurant:

1. Section 5.04.170 of the Lancaster Municipal Code allows revocation of a business license for failure to comply with the provisions of the business license ordinance.
2. Section 5.04.190 of the Lancaster Municipal Code states that a license must comply with federal, state, and local regulations, including applicable provisions of the municipal code.

3. The evidence contained in the Planning Commission staff report of May 16, 2011, documents numerous and continuing violations of State ABC regulations and provisions of the Lancaster Municipal Code, as detailed in the findings for the revocation of Conditional Use Permint No. 08-08 contained in this resolution.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LANCASTER, DOES HEREBY RESOLVE, DETERMINE AND ORDER, AS FOLLOWS:

1. The City Council, based on the evidence presented and the findings contained herein, hereby revokes Conditional Use Permit No. 08-08.
2. The City Council, based on the evidence presented and the findings contained herein, hereby revokes the business license for Bamboo Restaurant, located at 1009 West Avenue I.

## STAFF REPORT

### REVOCATION HEARING CONDITIONAL USE PERMIT NO. 08-08

DATE: May 16, 2011

TO: Lancaster Planning Commission

FROM: Planning Department *BZ*

SUBJECT: Consideration of revocation of Conditional Use Permit No. 08-08, (Bamboo Restaurant), located at 1009-1011 West Avenue I, pursuant to Section 17.42.130.C of the Lancaster Municipal Code

RECOMMENDATION: Approve Resolution No. 11-06 revoking Conditional Use Permit No. 08-08.

BACKGROUND: A chronology of the project history is as follows:

- May 1, 2008: Application for a conditional use permit for on-site alcohol sales (beer and wine) in conjunction with the operation of a bona fide restaurant with incidental entertainment is filed with the Planning Department (copy of application documents attached as “**Exhibit A**”).
- September 15, 2008: The Planning Commission adopted Resolution No. 08-25 approving Conditional Use Permit No. 08-08, which allows for the on-site sale of beer and wine under a Type 41 Alcoholic Beverage Control (ABC) license (copy of staff report and approved resolution attached as “**Exhibit B**”).
- October 10, 2008: The applicant, Mr. Eugenio Gonzalez, signs “Affidavit of Acceptance of Conditions” for Conditional Use Permit No. 08-08, and returns the document to the Planning Department, thereby stating his acceptance of and agreement to comply with the conditions of approval established under Resolution No. 08-25 (copy of signed affidavit attached as “**Exhibit C**”).
- February 12, 2009: The City of Lancaster issues a business license for the Bamboo Restaurant; the description of the business is identified as “[R]estaurant with alcohol

& live entertainment CUP 08-08” (copy of approved business license application attached as “**Exhibit D**”).

- April 15, 2009: State ABC found the establishment in compliance except for the menu, which advertised mixed drinks. These were found to be made using a wine base. Also, the City’s Sheriff’s Department liaison felt there was a need to discuss with the applicant the apparent nightclub use established on Wednesday nights.
- August 21, 2009: The Planning Department received notice that Bamboo Restaurant was planning a “lingerie contest”.
- July 28, 2010: Based on concerns raised by the Sheriff’s Department, the Planning Department sent a letter to Mr. Eugenio Gonzales indicating that the business may be in violation of both operating conditions and City Municipal Code requirements. This letter requested written documentation regarding several concerns; specifically, to determine whether all employees selling or serving alcohol had received required ABC training; whether a full-time cook was employed on the premises during the hours of business operation; and whether the sales of food constituted at least 51% of business revenues as required for a bona fide restaurant. (A copy of the letter is attached as “**Exhibit E**”).
- August 16, 2010: The Planning Department received a response to the letter of July 28, 2010, from ABC Experts of Rancho Cucamonga, California, signed by Mr. Rene Guzman. The letter identified three individuals that sold or served alcohol, and indicated that they would receive LEAD training provided by the State ABC on August 25, 2010. Three individuals were also identified as cooks, noting that “one is available at all times the premises is open and exercising their liquor license” so that “the business is in full compliance with their CUP condition.” Attached to the letter were copies of the business books indicating revenues and expenses; a cursory review of these by staff indicated that food and non-alcoholic drink revenues were approximately 56% of total business revenue from January to April 2010. (A copy of this letter, with a summary of the revenue information, is attached as “**Exhibit F**”).
- January 2011: The Planning Department was notified by Lee D’Errico, the City’s Public Safety Manager, that advertising for the Bamboo Restaurant (aka Bamboo Lounge or Bamboo Club), as contained on its Facebook page, emphasized the entertainment and nightclub atmosphere provided to patrons. A copy of this Facebook page, which covered several months, was provided to the Planning Department on February 8, 2011 (attached as “**Exhibit G**”). Mr. D’Errico also stated that the business was only open, at most, 4 days a week (Thursday, Friday Saturday, Sunday) with an opening time of 9:00

p.m. or 10:00 p.m. The days and hours of business were also confirmed by the City's Sheriff's Department liaison, as well as the fact that the use was operating as a nightclub and generating the types of service calls a nightclub can create. This includes physical and verbal altercations outside the business, drunk and disorderly conduct, driving under the influence, burglary/property damage in the parking area and to vehicles, and similar incidents. In addition, a murder occurred in the vicinity of the business

- February 4, 2011: State ABC investigators entered the premises to conduct an investigation of the business and compliance with ABC license requirements. During this investigation, a number of ABC violations were noted, including consumption of alcohol in two areas of non-permitted expansion (an outdoor patio and adjacent room to the northeast of the permitted premises), and the lack of an extensive menu (a limited number of appetizer type items were available as written on an erasable board). The description of the premises, event, and method of operation contained in the report depict a nightclub operation. The City's Sheriff's Department liaison confirmed the report of illegal expansion of the business. The report also notes the presence of minors in the premises, as well as the distribution of potentially illegal substances from a member of a band playing at the business. A copy of the investigation report, and a supplemental report, are attached as "**Exhibit H**". A copy of the plan showing the location of the illegal expansion into the adjacent unit is attached as "**Exhibit I**".
- February 15, 2011: Based on information obtained from the February 4 investigation, as well as other information collected prior to that time, the City Manager revoked the business license for the Bamboo Restaurant. The applicant filed an appeal of the revocation with the City Clerk on February 28, 2011 (copy of appeal is attached as "**Exhibit J**"). This appeal has not yet been heard by the City Council.
- March 2011: The Sheriff's Department provides to the City a compilation of service calls tied to the address of the business between March 1, 2010, and February 22, 2011. This information confirms the statement of the Sheriff's Department liaison in January 2011 regarding the number and type of service calls to the premises. Service calls were made to premises on 40 separate days, with some instances of multiple calls on the same day. A copy of this compilation is attached as "**Exhibit K**".
- March 24, 2011: The Planning Department receives a letter of complaint regarding the Bamboo Restaurant and Mr. Eugenio Gonzales. The letter describes an alleged physical altercation early on March 19, 2011, between Mr. Gonzales and a person who has acted as a "DJ" for the business. Staff

confirmed with the Sheriff's Department liaison that a report had also been filed with their office regarding the incident described in the letter. The letter also contains a number of personal observations and allegations regarding the business operation by the writer. A copy of the letter is attached as "**Exhibit L**".

DISCUSSION: Section 17.42.130.C of the Lancaster Municipal Code (LMC) allows the Planning Commission to set a public hearing to consider revocation of a conditional use permit for noncompliance with the performance standards set forth in Section 17.42.110 of the LMC. These performance standards allow the revocation of a conditional use permit for an alcoholic beverage establishment if any of the following are found to exist:

- 1) Activities within the premises or in close proximity of the premises which constitute a nuisance under any section of this code.
- 2) Where the operation of the premises is in violation of any applicable city ordinance or state or federal regulation or statute.
- 3) Failure to comply with any condition imposed in the issuance of a conditional use permit.

Staff believes there is sufficient evidence to confirm that all three of these conditions exist, and that there are adequate grounds to revoke the conditional use permit. In summary form, staff believes that the following activities, actions, and circumstances justify the revocation of the conditional use permit, and the above category that they fall within (#1, #2, or #3):

- The applicant requested, received approval for, and acknowledged and accepted that Conditional Use Permit No. 08-08 allows the sale of alcohol in conjunction with the operation of a bona fide restaurant (Exhibits A, B, C, and D). The City has substantial evidence, including Exhibits G, H, and J, that the business is being operated and advertised as a nightclub within the definition contained in Section 17.42.020 of the Lancaster Municipal Code. (**#2, #3**)
- The applicant is in violation of Condition Nos. 6, 8, 11 of Conditional Use Permit No. 08-08 (Exhibit B), based on the written report of the State ABC investigation (Exhibit H), because no printed menu was provided or available, sales of alcoholic beverages did not occur in conjunction with the sale of food, and loitering was occurring on and around the premises. (**#3**)
- The applicant is in violation of several conditions contained in the State ABC license for the premises, including sales of alcohol not being made in conjunction with the sale of food, loitering on or around the premises occurring, and entertainment being audible outside of the area under the control of the licensee, as documented in Exhibit H. (**#2**)
- The premises was expanded for use by the public, and alcoholic beverages served and consumed in the expanded area without receiving a review for possible amendment of Conditional Use Permit No. 08-08 (violation of Standard Condition No. 36, Exhibit B), proper

building permits or fire safety inspections as required by the Lancaster Municipal Code and applicable building codes, or having proper license from the State ABC for a modified premises as documented in Exhibits H and I. (#2, #3)

- The premises has generated a significant amount of Sheriff's Department service calls as documented in Exhibit K. Although the City has not taken formal action under Chapter 8.52 of the Lancaster Municipal Code, the premises can be defined as a chronic nuisance property under Section 8.52.030, because it has generated five or more calls for service in a 12-month period of time. (#1)

The evidence and documentation contained in the various exhibits confirm a consistent pattern of violation of both City and State regulations. Further, it is clear from the information that the applicant is clearly aware of the operating conditions and regulations imposed by both the City, through Conditional Use Permit No. 08-08, and State ABC, through the alcohol license issued to the business, and agreed to abide by them. The information also shows that the method of operating the business has had adverse effects on adjacent areas, as well as on patrons of the business itself.

In adopting the City's alcohol regulations the City Council found that "[T]here is a legitimate public purpose in adopting regulations that govern the manner in which alcohol sales establishments operate relative to the surrounding area, and for establishing mechanisms to abate nuisance conditions that may be caused by such operations to ensure the promotion of public health, safety, and welfare." One of those mechanisms is the ability to revoke a conditional use permit issued to allow the sales and service of alcohol. In this case, staff believes that the evidence clearly indicates that all three of the conditions established under Section 17.42.110 of the Lancaster Municipal Code that justify the revocation of a conditional use permit have occurred. Therefore, staff is recommending that the Commission take the appropriate action to revoke Conditional Use Permit No. 08-08.

WHEREAS, public notice was provided as required by law and a public hearing was held on May 16, 2011; and

WHEREAS, this Commission hereby adopts the following findings in support of the revocation of Conditional Use Permit No. 08-08, based upon the referenced Exhibits attached hereto and incorporated herein as part of Resolution No. 11-06:

1. The applicant requested, received approval for, and acknowledged and accepted that Conditional Use Permit No. 08-08 allows the sale of alcohol in conjunction with the operation of a bona fide restaurant (Exhibits A, B, C, and D). The City has substantial evidence, including Exhibits G, H, and J, that the business is being operated and advertised as a nightclub within the definition contained in Section 17.42.020 of the Lancaster Municipal Code. This substantiates noncompliance with Sections 17.42.110.A and B.
2. The applicant is in violation of Condition Nos. 6, 8, 11 of Conditional Use Permit No. 08-08 (Exhibit B), based on the written report of the State ABC investigation (Exhibit H), because no printed menu was provided or available, sales of alcoholic beverages

did not occur in conjunction with the sale of food, and loitering was occurring on and around the premises. This substantiates noncompliance with Section 17.42.110.C of the Lancaster Municipal Code.

3. The applicant is in violation of several conditions contained in the State ABC license for the premises, including sales of alcohol not being made in conjunction with the sale of food, loitering on or around the premises occurring, and entertainment being audible outside of the area under the control of the licensee, as documented in Exhibit H. This substantiates noncompliance with Section 17.42.110.B of the Lancaster Municipal Code.
4. The premises was expanded for use by the public, and alcoholic beverages served and consumed in the expanded area without receiving a review for possible amendment of Conditional Use Permit No. 08-08 (violation of Standard Condition No. 36, Exhibit B), proper building permits or fire safety inspections as required by the Lancaster Municipal Code and applicable building codes, or having proper license from the State ABC for a modified premises as documented in Exhibits H and I. This substantiates noncompliance with Section 17.42.110.B and C of the Lancaster Municipal Code.
5. The premises has generated a significant amount of Sheriff's Department service calls as documented in Exhibit K. Although the City has not taken formal action under Chapter 8.52 of the Lancaster Municipal Code, the premises can be defined as a chronic nuisance property under Section 8.52.030, because it has generated five or more calls for service in a 12-month period of time. This substantiates noncompliance with Section 17.42.110.A of the Lancaster Municipal Code.
6. The chronology of the operation of the business as contained in the staff report and substantiated in the attached Exhibits, establishes a consistent pattern of violations of both City of Lancaster and State of California ABC regulations that warrant revocation of Conditional Use Permit.

NOW, THEREFORE, BE IT RESOLVED:

This Commission based on the evidence presented and the findings contained herein, hereby revokes Conditional Use Permit, effective ten (10) working days from the date of this resolution, pursuant to Section 17.32.950 of the Lancaster Municipal Code.

## STAFF REPORT

### CONDITIONAL USE PERMIT NO. 08-08

DATE: September 15, 2008

TO: Lancaster Planning Commission

FROM: Planning Department *RL*

APPLICANT: Eugenio Gonzalez

LOCATION: 1009-1011 West Avenue I

REQUEST: A Conditional Use Permit to establish a restaurant within an existing commercial building that is classified as a "primary on-sale alcoholic beverage establishment" (Type 41) and includes live entertainment in the Commercial Zone

RECOMMENDATION: Adopt Resolution No. 08-25 approving Conditional Use Permit No. 08-08.

BACKGROUND: There have been no prior hearings before either the City Council or the Planning Commission concerning this property.

GENERAL PLAN DESIGNATION, EXISTING ZONING AND LAND USE: The subject location is designated C (Commercial) by the General Plan and is zoned C (Commercial), and is developed as an existing 5,000 square foot suite. The General Plan designation, zoning, and land use of the surrounding properties are as follows:

	<u>GENERAL PLAN</u>	<u>ZONING</u>	<u>LAND USE</u>
NORTH	MR1	MDR	Single family residential
EAST	Commercial	C	Commercial Center
SOUTH	Commercial	C	Restaurant
WEST	Commercial	C	Commercial Center

PUBLIC IMPROVEMENTS: The site is located at 1009-1011 West Avenue I which is improved with three travel lanes in each direction. All utilities are available to serve the site.

ENVIRONMENTAL REVIEW: The proposed project is classified as a Class 1 categorical exemption from the California Environmental Quality Act (CEQA) under Section 15301 (existing facilities) because the request would not result in any physical change to the site. Notice of intent to find that the action is categorically exempt has been legally advertised.

LEGAL NOTICE: Notice of Public Hearing was mailed to all property owners within a 500-foot radius of the project, posted in three places, posted on the subject property, and noticed in a newspaper of general circulation per prescribed procedure.

ANALYSIS: The applicant, Eugenio Gonzalez, is requesting a conditional use permit to locate a restaurant within an existing commercial building that is classified as a "primary on-sale alcoholic beverage establishment" (Type 41) and includes live entertainment. A conditional use permit is required for a "primary on-sale alcoholic beverage establishment" and for live entertainment. Access is provided from an existing driveway from 10<sup>th</sup> Street West and Avenue I. The sale of alcoholic beverages would be limited between the hours of 11:00 a.m. to 12:00 am Sunday through Thursday and between 11:00 am to 1:00 a.m. Friday through Sunday.

The Lancaster Municipal Code Section 17.42.020. states: "bona fide restaurant" shall mean a business enterprise which is conducted, or proposed to be conducted, in compliance with the following requirements:

- A. The issuance by ABC of a Type 41 or a Type 47 license;
- B. A kitchen and a dining area that constitute permanent and identifiable portions of the business premises where meals are prepared by the establishment for consumption on the premises during all hours the establishment is open for business;
- C. A printed menu which is made available to patrons by a server for the purpose of ordering meals;
- D. Not less than fifty-one percent of the business enterprise is derived from the sale of food and non-alcoholic beverages;
- E. At least one full-time cook is engaged by the business enterprise to prepare meals for patrons on the premises during the permissible hours of operation.
- F. There shall be no drinking contests or other similar activities.

Based on the floor plan and discussions with the applicant, the project meets the definition of a "bona fide restaurant".

Previously, the suite was a bar with an on-sale alcohol license (Type 41). The applicant is merely renewing the on-sale alcohol license, and is changing the use from a bar to a restaurant with live entertainment. The alcohol license (Type 41) would allow the renewed sale of beer and wine. Additionally, the restaurant would provide mariachi and trio bands, as well as salsa type dance lessons.

PC Staff Report  
Conditional Use Permit No. 08-08  
September 15, 2008  
Page 3

The subject property is located in an over concentrated area but not in a high crime reporting district. The approval of the continued sale of beer and wine will require a finding of public convenience and necessity. This request is not an increase in the number of licenses but merely a renewal of a cancelled license. The Lancaster Sherriff's Department conducted an investigation and, based on the investigation and the applicants' agreement to the conditions, was not opposed to the issuance of the Condition Use Permit. In addition, the Alcoholic Beverage-Control Board had no negative reports for the former establishment.

The restaurant is considered a bona fide restaurant per Section 17.42.040 of the Municipal Code; therefore; distance separation requirements are not applicable. The project has been conditioned to comply with the requirements of Section 17.42.070 as well as added conditions.

Staff is recommending approval of the proposed restaurant with on-sale alcohol and live entertainment because, with added conditions, it will not adversely affect nearby residences. The alcohol sales are related to the function of the proposed use, and the live entertainment request provides a unique dining experience to this area of Lancaster.

Respectfully submitted,

  
Christopher Aune, Assistant Planner

Engineer

## RESOLUTION NO. 08-25

### A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF LANCASTER, CALIFORNIA, APPROVING CONDITIONAL USE PERMIT NO. 08-08

WHEREAS, a conditional use permit has been requested by Eugenio Gonzalez, to establish a restaurant with primary on-sale of alcoholic beverages (Type 41) and live entertainment in an existing 5,000 square-foot suite in a commercial center located at 1009-1011 West Avenue I, as shown on the attached site map; and

WHEREAS, an application for the above-described conditional use permit has been filed pursuant to the regulations contained in Article I of chapter 17.32 and chapter 17.42 of the Lancaster Municipal Code; and

WHEREAS, a notice of intention to consider the granting of a Conditional Use Permit has been given as required in Article V of Chapter 17.32 of the Lancaster Municipal Code and in Section 65905 of the Government Code of the State of California; and

WHEREAS, staff has performed necessary investigations, prepared a written report, and recommended approval of this conditional use application, subject to conditions; and

WHEREAS, public notice was provided as required by law and a public hearing was held on September 15, 2008; and

WHEREAS, this Commission hereby adopts the following findings in support of approval of this application:

1. The proposed restaurant with primary on-sale of alcoholic beverages (Type 41) and live entertainment, located in an existing 5,000 square-foot suite will be in conformance with the General Plan land use designation of Commercial.
2. The proposed restaurant with primary on-sale of alcoholic beverages (Type 41) is located in the Commercial zone which permits alcoholic beverages to be sold, served or given away for on-sale or off-sale consumption, and live entertainment with a conditional use permit.
3. The requested use at the location proposed will not:
  - a. Adversely affect the health, peace, comfort, or welfare of persons residing or working in the surrounding area, because the existing building entrance faces the parking lot, buffers the residential use to the north with a 20-foot-wide alley and a block wall, and the hours for the sale of alcohol would be limited to the hours of 11:00 a.m. to 12:00 a.m. Sunday through Thursday and between 11:00am to 1:00 a.m. Friday through Sunday.
  - b. Be materially detrimental to the use, enjoyment, or valuation of property of other persons located in the vicinity of the site, because City development standards will be

met and adequate parking is provided. The proposed buildings are of a height compatible with the height limits of the commercial zones and are designed with adequate setbacks from the adjacent street.

- c. Jeopardize, endanger or otherwise constitute a menace to the public health, safety, or general welfare, because adequate sewer, water, drainage, and improvements will be part of the project.
4. The proposed use will not adversely affect nearby residents and facilities primarily devoted to use by children, families, and the general public, after giving consideration to the distance or proximity of the proposed alcoholic beverage establishments to residential districts, schools (public or private), day care centers, public parks, playgrounds and other recreational facilities, churches, or other places of religious worship, hospitals, clinics or health care facilities; because in this case the proposed use is considered a bona fide restaurant and is therefore exempt from the distance requirement; and
5. The proposed restaurant with primary on-sale of alcoholic beverages (Type 41) serves the public convenience and necessity based on all factors outlined in Section 17.42.060 of the Municipal Code.
6. The overall site is adequate in size and shape to accommodate the building setback, 25 parking spaces, and landscaping, and other development features prescribed in the Zoning Ordinance or as otherwise required in order to integrate said use with the use in the surrounding areas.
7. The proposed site is adequately served:
  - a. By Avenue I and 10<sup>th</sup> Street West, which is of sufficient width and improved to carry the anticipated daily vehicle trips such use would generate; and
  - b. By other public or private service facilities, including sewer, water, fire, and police services as required.
8. The proposed use will not result in a significant effect on the environment because all potential impacts have been found to not be significant as noted in the environmental review section of the staff report prepared for this project.
9. There is a need for the proposed commercial project to serve the immediately adjacent area because the project can serve the area with additional dining uses not currently available in this area.

NOW, THEREFORE, BE IT RESOLVED:

1. This Commission hereby approves Conditional Use Permit No. 08-08, subject to the conditions attached hereto and incorporated herein.

PASSED, APPROVED and ADOPTED this 15<sup>th</sup> day of September 2008, by the following vote:

AYES: Commissioners Burkey, Haycock, Jacobs and Malhi, Vice Chair Smith, Chairman Vose.

NOES: None.

ABSTAIN: None.

28. 36. Expansion or intensification of the use beyond the approval specified herein would require subsequent review and possible application for amendment. The Planning Director is authorized to approve modifications to the site plan provided such modifications do not substantially change the intent of the approved use, avoid issues raised at the public meeting, or raise new issues not previously addressed.
37. Pursuant to Section 65089.6. of the Government Code, the project will be subject to the Congestion Management Plan (CMP) mitigation requirements, including mitigation fees.

38. Per the direction of Planning, a Phase I Cultural Resource Study is required for any off-site area which will be disturbed by the development, such as staging areas and turn-arounds not covered by the Cultural Resource Study, or all work shall be conducted on the site by installation of a fence to determine limits of development.
39. Prior to the issuance of a grading permit, the applicant agrees to pay a fee to the City of Lancaster in the sum of \$770.00 per gross acre, to be held in the biological mitigation fund as established by the City Council. Additionally, should the applicant be required to pay mitigation fees under the California Department of Fish and Game, these fees can be deducted from the amount collected by the City of Lancaster. Said fee shall be submitted to the Planning Department.

**6. Conditional Use Permit No. 08-08**

Chairman Vose opened the public hearing at 6:10 p.m. to hear a request by Eugenio Gonzalez for a Conditional Use Permit to establish a restaurant within an existing commercial building that is classified as a "primary on-sale alcoholic beverage establishment" (Type 41) and includes live entertainment in the Commercial Zone, located at 1009-1011 West Avenue I.

The reading of the staff report was waived since a letter of agreement to the conditions of approval as stated in the staff report was submitted and there were none in the audience who wished to speak in opposition to the request.

Rene Guzman, applicant's representative, stated that they are in concurrence to the conditions as stated in the staff report, and that the applicant spent \$40,000 on the interior and exterior remodeling.

Chairman Vose closed the public hearing at 6:12 p.m.

It was moved by Commissioner Mahli and seconded by Vice Chair Smith to adopt Resolution No. 08-25 approving Conditional Use Permit No. 08-08 Motion carried with the following vote:

AYES: Commissioners Burkey, Haycock, Jacobs and Malhi, Vice Chair Smith and Chairman Vose.  
NOES: None.

**7. Conditional Use Permit No. 08-13**

Chairman Vose opened the public hearing at 6:13 p.m. to hear a request by Danny Fiarella (Giovanni's Italian Deli and Delights) for a Conditional Use Permit to allow for the on-site sale and consumption of alcohol, (Type 41, sale of beer and wine for a bona fide restaurant) in the LI Zone, located at 42035 10<sup>th</sup> Street West, Unit #105, Lancaster (northwest corner of 10<sup>th</sup> Street West and Avenue M).

A letter of agreement to the conditions of approval as stated in the staff report was submitted. Chairman Vose stated that he had questions; therefore, Brian Ludicke asked for the staff report to be presented by Silvia Donovan.

Chairman Vose noted that from the site plan, on the north side of building, there appears to be five sets of double doors facing east, and a series of tables appearing to be blocking access, which to him seemed odd. When staff analyzed the project, the parking requirement calculation was based not on seating but on the square-footage of the building. Silvia Donovan responded

**Re: Conditional Use Permit No. 08-08**

Dear Mr. Gonzalez:

Conditional Use Permit No. 08-08 was approved by the City of Lancaster on September 15, 2008, to allow for the sale of alcoholic beverages in conjunction with a bona fide restaurant at 1009-1011 West Avenue I. Information received by the City's Planning Department indicates that the business may be violating several operating conditions and requirements of the Lancaster Municipal Code as established by Conditional Use Permit No. 08-08. In order to evaluate this situation, I am requesting that you provide written documentation to substantiate compliance with the following requirements:

- Section 17.42.070.G of the Lancaster Municipal Code requires that "[a]ll employees who serve or sell alcoholic beverages shall successfully complete a responsible beverage service training program that meets the requirements of the State ABC within 90 days of hire. Records of such training shall be maintained on the premises and made available to City of Lancaster or Los Angeles County Sheriff's personnel upon request."

PLEASE PROVIDE THE NAME OF EACH EMPLOYEE CURRENTLY AUTHORIZED TO SELL OR SERVE ALCOHOLIC BEVERAGES AND THE DATE THAT THEY COMPLETED THIS REQUIRED TRAINING.

- Condition No. 4 of Conditional Use Permit No. 08-08 requires that at least one full-time cook be employed and be engaged in the preparation of meals for patrons during the permissible hours of operation.

PLEASE PROVIDE THE NAME(S) OF THESE INDIVIDUALS AND THE NORMAL WORKING HOURS FOR THEM.

- Condition No. 7 of Conditional Use Permit No. 08-08 requires that at least 51% of the business revenues be from the sale of food and non-alcoholic beverages, and requires that records be kept at least quarterly to verify compliance with this requirement. Such records

are to be made available to State ABC, the Sheriff's Department, or the City of Lancaster upon demand.

PLEASE PROVIDE THIS INFORMATION.

All written information shall be presented in person or mailed to:

City of Lancaster  
Planning Department  
Attn: Brian S. Ludicke, Planning Director  
44933 Fern Avenue  
Lancaster, CA 93534

In order to complete review of this situation in a timely manner, please provide this information by **Monday, August 9, 2010**. Should you have any questions, please contact me at 661-723-6105.

Sincerely,

Brian Ludicke  
Planning Director

**Re: Conditional Use Permit No. 08-08**

Dear Mr. Ludicke:

It was a pleasure speaking to you a couple of days ago. Enclosed is the information you requested from the following business, in your letter dated July 28, 2010 (attachment #1):

Bamboo Restaurant  
1009&1011 W Avenue I  
Lancaster, CA 93534-2243

**All the information contained in this letter and attachments were directly received from the management team of the above-mentioned business and forwarded to your attention.**

**Request No. #1:**

- Nicole Story: Nicole is a waitress who was hired in January of this year. Nicole serves alcoholic beverages in conjunction with sale of food and other non-alcoholic items. Nicole is over the legal age to conduct her employee responsibilities and has no criminal history of any violations regarding the sale or service of alcoholic beverages. Nicole, is currently scheduled to attend LEAD training provided by the State of California, ABC Department. Nicole will attend this class next week (August 25, 2010).

Conditional Use Permit No. 08-08  
Mr. Eugenio Gonzalez Response

- Paola Lopez: Paola is a waitress who also assists as a cook. Paola was hired on and off on a temporary basis due to the poor economical climate. Paola, has now been hired permanently effective April of this year. Paola serves alcoholic beverages in conjunction with sale of food and other non-alcoholic items. Paola is over the legal age to conduct her employee responsibilities and has no criminal history of any violations regarding the sale or service of alcoholic beverages. Paola is currently scheduled to attend LEAD training provided by the State of California, ABC Department. Paola will attend this class next week (August 25, 2010).
- Criss Genn: Criss is the premises bartender. Criss was heavily overlooked by management in sense of receiving this training. Management was under the impression Criss had received formal training regarding liquor laws but recently realized that was not a fact. Management immediately realized the mistake and took immediate corrective action by enrolling Criss to attend LEAD training provided by the State of California, ABC Department on August 25, 2010.

As you can notice, by the time you review this letter and its attachments, all employees involved with the sale or service of alcoholic beverages, would be formally trained by the State ABC Department.

**Request No. #2:**

The business has several cooks to ensure one is available at all times the premises is open and exercising their liquor license.

The following are the business cooks:

- Martin Diaz
- Erika Gonzalez
- Paola Lopez (alternate)

The cooks do not have "steady" hours, however, by having three cooks available, the premises ensures at least one cook is at the premises. Erika Gonzalez is a full-time cook and two more are either part time or alternates depending on the amount of business that is generating in any particular week. This ensures the business is in full compliance with their CUP condition.

**Request No. #3:**

I have enclosed copies of the business books and records that the management team of the business provided me to satisfy this request (attachment # 2). Attachment # 2 was provided to me by the Bamboo and I am forwarding this information per you request.

Conditional Use Permit No. 08-08  
Mr. Eugenio Gonzalez Response

In your letter, you stated that you are requesting the above information because *"Information received by the City's Planning Department indicates that the business may be violating several operating conditions"*. Mr. Gonzalez is hereby requesting copies of any and all complaints in any type of format including but not limited to emails, notes, memorandums and/or letters. This request is under the Public Information Act and standard due process laws. This information should be mailed to Mr. Gonzalez no later than August 30, 2010. If you deny this request, please provide in writing the reasons and case law that allows you to legally deny this basic request.

As discussed, I am not representing the Bamboo Restaurant or its personnel other than to respond to your letter. If you have any questions regarding this letter, please contact me at the above number.

It is clear that this business is taking all necessary steps to ensure they abide by their CUP conditions and are willing to work with the City and all of its Departments and Agencies to address any deficiencies. Please do not hesitate to contact the business directly to ensure a positive working professional relationship is strengthened and a win-win situation is generated, in any issue of mutual concern.

Respectfully,

Rene Guzman

**CIRCUMSTANCES/INVESTIGATIONS:**

On October 15, 2008, the above noted premises was issued a Type 41-On Sale Beer and Wine Eating Place, Alcoholic Beverage Control (ABC) Conditional license. The premises operates as a restaurant with fixed bar and dance club.

On March 17, 2008, Licensee Eugenio GONZALEZ completed form ABC 253-Supplemental Diagram (attachment 2) as part of his application process. This form detailed adjacent structures and cross streets.

On May 30, 2008, licensee Eugenio GONZALEZ completed form ABC 257-Licensed Premises Diagram / Planned Operation (attachment 3) as part of his application process. This form detailed a restaurant with fixed bar, with areas designated for dancing and pool tables (rectangle area, 52'-2" by 99'-1"). No patio or back room was detailed on this form.

On July 7, 2008, Licensee Eugenio GONZALEZ signed Form ABC-172- Petition For Conditional License which includes the following conditions (attachment 4):

*04. At all times when the premises are open for business, the sale of alcoholic beverages shall be made only in conjunction with the sale of food to the person ordering the beverage.*

*05. The sale of alcoholic beverages for consumption off the premises is strictly prohibited.*

06. No alcoholic beverages shall be consumed on any property adjacent to the licensed premises under the control of the licensee(s) as depicted on the ABC257 dated 05-30-2008 and ABC-253 dated 03-17-2008.

07. Loitering is prohibited on or around these premises or this area under control of the licensee(s) as depicted on the ABC-257 dated 05-30-2008 and ABC-253 dated 03-17-2008.

09. Entertainment provided shall not be audible beyond the area of control of the licensee(s) as defined on the ABC-257 dated 05-30-2008 and ABC-253 dated 03-17-2008.

On February 4, 2011, at approximately 2045 hours, Department Investigators R. SEGURA, P LOPEZ, E. REYNOSO, R. CARNET, V. WOOD, C. CLARK, J. PEREZ (Supervisor) and I (D. DURAN) along with Los Angeles Sheriff Department (LASD) Deputies M. KUPER, M. DONNELL and S. OWEN arrived at the above noted premises to verify compliance of all applicable State laws and premises license conditions. The premises was hosting a three day music festival scheduled to commence on February 4, 2011 and end on February 6, 2011 (attachment 5).

At approximately 2055 hours, Investigators SEGURA and LOPEZ entered the premises in an undercover capacity in plain clothes. The remaining ABC Investigators and LASD Deputies remained outside as uniformed backup.

At approximately 2200 hours, LOPEZ notified me via cell phone that he and SEGURA were allowed to purchase alcoholic beverages without purchasing food (violation of premises license condition #4). They were allowed to consume their alcoholic beverages outside the premises in an unlicensed front patio and an unlicensed back room (violation of State law 23300 B&P and premises license conditions #5, #6 and #7). While in the front outside patio they heard loud amplified audible music (violation of premises license condition #9). LOPEZ also informed me that possible minors were consuming alcoholic beverages in a back room of the premises. See SEGURA's Supplemental Investigation report for further details of LOPEZ's and SEGURA's observations (attachment 6).

At approximately 2205 hours, all uniformed backup ABC Investigators and LASD Deputies entered the premises through the open rear emergency exit. Upon entering, I observed an open doorway located on the east wall of the premises which allowed access into a large room (approximately 50' by 40'). Within this room I observed a live band performing on a raised stage while approximately 60 patrons were consuming alcoholic beverages and listening to the amplified music. Patrons were entering and exiting through the open doorway.

Note: This room was not detailed on form ABC 257- Licensed Premises Diagram / Planned Operation (Attachment 2) and is an unlicensed expansion of the premises.

Supervising Investigator PEREZ and I entered the unlicensed room and contacted a youthful appearing male (later identified as 22 year old, Jose RAMOS) holding a mug of dark beer. PEREZ asked for his identification. PEREZ determined RAMOS was of legal drinking age. I asked RAMOS what he was drinking and he said it was Newcastle Brown Ale beer. I informed RAMOS that I was seizing his beer

as evidence for violation of Section 23300 of the Business and Professions Code-Licensee allowing consumption of alcoholic beverages in an unlicensed back room. I secured RAMOS's beer and reimbursed him \$5.00 he paid for the alcoholic beverage. I then photographed of the entrance into the unlicensed back room (attachment 7) and interior (attachment 8).

I contacted manager Carmen GONZALEZ and informed her of the violations. I showed her a copy of form ABC 257- Licensed Premises Diagram, signed by Licensee Eugenio GONZALEZ, which did not include the back room (where the live band was performing) and front patio. I asked her when the business added the unlicensed back room. She said that the room was included when the Licensee leased the location. However, they did not have the money to remodel it at the time. I informed GONZALEZ that she was to cease sales, service and consumption of alcoholic beverages in the unlicensed back room and front patio immediately.

I then showed GONZALEZ a copy of form ABC 172- Petition For Conditional License, signed by Licensee Eugenio GONZALEZ which included the above license conditions. I then reviewed these conditions with her and told her that the business must be in compliance. GONZALEZ said that we (ABC) were trying to shut them down.

I issued manager Carmen GONZALEZ misdemeanor citation #82004 for violating Section 23300 of the Business and Professions Code-Allowing consumption of alcoholic beverages within an unlicensed back room and front patio.

Note: Carmen GONZALEZ did not have her California Identification available at the premises. I had previously cited her for violating Section 25609 of the Business and Professions Code-Substitution of brands on October 23, 2009. I inadvertently used bartender Jessica MONTERROSA's California Drivers License number and identifiers (from report DR# 09-05-059) on Carmen GONZALEZ's issued citation #82004. CARMEN GONZALEZ's correct California Identification number is B6086225 (attachment 9).

At approximately 2250 hours, I took photographs of the unlicensed front patio from the premises shared parking lot (attachment 10). At this time, I observed approximately 30 patrons standing in line, awaiting entry into the premises (violation of premises license condition #7). Also, I could hear loud amplified music emanating from the premises (violation of premises license condition #9).

I secured LOPEZ's and SEGURA's alcoholic beverages as evidence.

At approximately 2300 hours, Department Investigators concluded our investigation and left the premises.

**SUPPLEMENTAL INVESTIGATION REPORT**

REPORT NUMBER	DR11-05-009
ASSIGNMENT NUMBER	
PAGE NUMBER	1

On Friday February 4, 2011, at approximately 2055 hours, Investigator Lopez and I (Investigator Segura) went to the premises known as Bamboo Club, located at 1009 & 1011 West Ave. I, in the city of Lancaster. Our purpose was to investigate compliance with the Business and Professions Codes and other statutes of law. We could hear loud music emitting from the premises. As we approached the premises on foot, we confirmed that the music was in fact coming from inside the premises.

There was a patio area in front of the premises front door. Per Department records, this patio is not licensed. The patio was defined by an approximate 4 foot high fence. The patio had several chairs available for patrons to use while smoking and/or drinking in this area.

At the front door, there were two male premises' employees, one checking identifications and one searching male patrons. Once we got to the front door, we were asked for our identifications, once the identifications were checked by one of the unidentified employees, the second employee searched Investigator Lopez for any weapons. Once inside the premises' front door, there was a third unidentified female employee behind a cash register. She charged us each a \$12 cover charge to enter the premises and gave us a wristband to put on.

The premises lighting was extremely low with various colored lights throughout commonly seen in nightclubs. There was a DJ playing recorded music on a stage on the west wall and a dance floor in front of the stage. There were several tables throughout the premises however none of the tables had any condiments or settings consistent with the service of food to patrons. Investigator Lopez and I proceeded to the full bar along the east wall.

I ordered two beers from the only on-duty, female, bartender, Hispanic female approximately 5'8" tall. We were not asked if we wanted to order food or if we wanted to look at a menu. On the south end of the bar was a small dry/erase menu with approximately 3 menu items such as; hamburgers, fries, chicken strips and tacos. There were no other menus seen in the restaurant during our visit.

Once we received our beers, we sat at the fixed bar. I saw one of the bartenders delivering food items on a tray. I inquired about the food items available and was told by the unidentified female bartender that they could make any item on the menu, referring to the dry/erase menu. During our visit, I saw one person eating at the premises.

Investigator Lopez and I walked to the rear/north of the premises. On the northeast end of the premises was a room with another stage. Per ABC-Form 257 dated 5-30-08, this room is not licensed by this Department. A premises' employee described as a White Male adult, approximately 6', 190 lbs, was posted at the entrance of this room. He checked that we had a wristband to enter this area. Both, Investigator Lopez and I were carrying beers when the employee checked our wrists for the wristbands. We then entered the room with our beers. The room was dark with tables set up on the north and south walls. The middle of the room, in front of the stage was used as a dance floor. There was a band playing live

music on the stage. As the band was finished playing, an unidentified band member held up a clear plastic bag and said, "I have about five hits here. Who wants one?" and handed items out from the bag. From our training and experience, we believed that the items in the plastic bag were illegal substances.

The band members left the stage and another band began to set up. At this time a Hispanic female waitress, approximately 5'6" tall, walked through the crowd and asked patrons if they wanted a drink. When the waitress saw us, she asked if we wanted another beer. We declined by stating that we still had beer left and showed her our bottles as we drank from them. This was the second employee who saw us with our beer in the unlicensed room. As patrons moved about, we saw children who appeared to be approximately nine (9) years of age in this room. After approximately 10 minutes, we left the room. It was later verified that this particular room was not licensed.

A few moments later, we walked towards the front patio. Investigator Lopez asked an unidentified Black male employee, approximately 5'7", 150 lbs., if we could take our beers into the patio, to which he responded, "Yes". We entered the patio and sat in the chairs provided. Other patrons were also loitering and drinking alcoholic beverages in the unlicensed patio. We could hear the DJ's amplified music emitting from the premises. The same, two unidentified employees/security personnel were at the front door which was encircled by the patio's fence. These employees could see Investigator Lopez, I, and other patrons drinking from bottles labeled as beer in the patio area. Additionally, there were two unidentified male, Hispanic employees outside of the patio, west of the premises, looking towards the patio and front door. I had previously seen these individuals inside the premises, one of which was restocking the bar. By this time, there was a short line forming by the front door and the security personnel at the front door continued checking identifications and searching male patrons. After approximately 10 minutes, Investigator Lopez and I left the patio area and returned inside the premises. During our visit to the premises we saw approximately 6 premises employees acting in the capacity of security personnel. The male security personnel had visible ear pieces in order to communicate with each other and they were seen performing various duties such as checking identifications and wristbands, searching at the front door, restocking the bar and walking throughout the premises.

At approximately 2215 hours, Investigator Lopez and I exited the premises. Investigator Lopez and I kept our beers in our possession and secured them in our vehicle. We later gave the beers to Investigator Duran to book as evidence. While reviewing the premises conditions once again, I noted that during our visit to the restaurant, the licensee had violated conditions number 4, 6, 7, and 9 on their Petition for Conditional License dated 7-7-08.

## ADDENDUM "A"

### EUGENIO GONZALEZ dba BAMBOO RESTAURANT GROUNDS FOR APPEAL

1. The City Manager's action in revoking the business license amounts to a Due Process violation of Appellant's rights under LMC Section 5.04.170 since there is no right to a hearing before the revocation decision.
2. The City Manager's action in revoking the business license amounts to a Due Process violation of Appellant's rights under LMC Section 5.04.170 since Appellant's Conditional Use Permit was issued by the Planning Department.
3. The City Manager's action in revoking the business license amounts to a denial of Appellant's Equal Protection and Due Process rights since said City Manager's action lacks substantial evidence, was made prior to a hearing and is vague and ambiguous.
4. The City Manager's action in revoking the business license amounts to a denial of Appellant's Equal Protection and Due Process rights since said City Manager's action lacks substantial evidence, was made prior to a hearing and is vague and ambiguous and constitutes a "taking."
5. Substantial evidence is not the proper standard to determine whether Appellant's conduct warranted revocation. The proper test is a preponderance test to be applied at the time of hearing prior to the decision to revoke. The application of the incorrect standard resulted in a denial of Appellants' Due Process rights since Appellant's rights in the license were "vested".
6. The City Manager's action in revoking the business license resulted from discriminatory enforcement of the law.
7. There was no nexus established between the City Manager's decision to revoke the license and the alleged violations of the code cited in the decision letter of February 15, 2011.
8. The temporary decision to open only weekends was a business decision made from necessity since there was virtually no business on weekdays and Appellant's business was on the verge of failure.
9. The event of February 4<sup>th</sup> was a Christian gathering of music and dance for a Christian cause. The cover charge at the door was for payment of the bands who played during the event. Appellant served food and beverages during the event. This event was a one time event for a Christian cause.
10. The expanded area adjacent to the building has been sealed and is no longer in use.

11. Appellant reserves his right to amend the grounds of appeal upon receipt of investigative reports and Appellant's Conditional Use Permit in possession of the City of Lancaster.

Attn: Mr. Eugenio Gonzalez

**Re: Revocation of Business License  
Bamboo Restaurant, 1009 West Avenue I**

Dear Mr. Gonzalez:

The City of Lancaster Municipal Code establishes, under Chapter 5, Article 1, the requirements for issuance and maintenance of a City business license. The Bamboo Restaurant was issued a business license on February 12, 2009, for the operation of a restaurant with on-site beer and wine sales and incidental live entertainment, which was approved under Conditional Use Permit No. 08-08 by the Lancaster Planning Commission on August 18, 2008.

Section 5.04.190 of the Lancaster Municipal Code states that "[t]he payment of a license fee and the issuance of a license shall not entitle the licensee to transact any business unless the licensee has complied with all requirements of this chapter and any other applicable federal, state or local regulations pertaining to such business including, but not limited to all applicable provision of the Lancaster Municipal Code." Further Section 5.04.170 of the Lancaster Municipal Code authorizes the City Manager to revoke any license "if it is determined that the licensee has obtained the license by misrepresentation or has failed to comply with the provisions of this chapter."

There is substantial evidence that the Bamboo Restaurant is in violation of its approvals and various City ordinances, specifically:

- The business is only open on a periodic basis (normally Friday and weekends beginning late in the evening), and always in conjunction with entertainment-style events, as a nightclub. Conditional Use Permit No. 08-08 does not authorize the operation of a nightclub but a bona fide restaurant., further, the State ABC license type 41 issued for the business is for a restaurant use.
- An advertised three-day event, commencing on February 4 and ending on February 6, featured on-going band entertainment and dancing, and required payment to enter the facility, once again in the style of a nightclub operation.

- On-site observation by Los Angeles County Sheriff's personnel indicated that the business has been expanded by the addition of another stage and dance area in a portion of the adjacent building space immediately east of the business, and that this area was used as part of the business operation, including the sale and serving of alcohol. This area was not authorized for use under Conditional Use Permit No. 08-08, is not included in the licensed premises description under the State-issued Alcohol Beverage Control license, and was constructed without required building permits and inspections.

Based upon this information, I have determined that the Bamboo Restaurant is not in compliance with Conditional Use Permit No. 08-08, the City's building and potentially fire safety code requirements, or the State-issued alcohol permit. Therefore, under the authority contained Section 5.04.170, I have revoked the business license for this location.

This revocation is effective immediately. Please note that, pursuant to Section 5.04.110, you do have 10 working days in which to appeal this decision to the City Council. In order to appeal the action, you must obtain from the City Clerk's Office an appeal form, complete it, and submit it to the City Clerk along with the appeal fee of \$350.00. If you choose to appeal the revocation, and operate the business while the appeal is being considered, please be aware that the business must be operated in accordance with all conditions, requirements, and ordinances of the City of Lancaster, including all conditions of operation approved under Conditional Use Permit No. 08-08.

Sincerely,

Mark V. Bozigian  
City Manager

Attention: Brian Luidicke

I am filing a formal complaint with your office against Eugenio Gonzales; DBA Bamboo Restaurant located at 1009 W. Avenue I in the city of Lancaster CA.

Mr. Gonzales assaulted my son, Raymond S. Young on the morning of 3/19/11 at his place of business. Mr. Gonzales hit my son with a closed fist striking him in the face near his left eye causing him to fall to the ground, striking his head on the stairs, and then going unconscious for approximately 5 minutes due to my son asking for his pay for DJ'ing this night.

My son has been employed by Mr. Gonzales for 2 years, and still till this day has never received the appropriate amount of pay based on the implied contract between the two parties. I have filled battery charges against Mr. Gonzales with the local Police Department. I will be taking legal action against Mr. Gonzales for all the medical bills and pain and suffering he has caused.

Mr. Gonzales has been operating his business as a Night Club and not a restaurant as required by his lease. He has also made illegal structure changes inside to the rear of his establishment without approvals and permits from the City of Lancaster. Mr. Gonzales has allowed minors under the age of 18 years into his place of business and has served them alcohol. Mr. Gonzales charges a fee at the door which he collects and does not report it to the IRS. He has also been known to sell cocaine out of his place of business to his customers. I know this first hand due to him offering me to buy cocaine from him while I was a customer.

The Bamboo Restaurant is a nuisance to the City of Lancaster, an establishment that has had a killing in the past, assaults his employee, sells cocaine, and for these reason should be shut down permanently.

Thank you,

Raymond V. Young
