WHEREAS Company's facilities as now installed and located on said highway right of way will interfere with or obstruct the construction, reconstruction, maintenance or use of said street or highway, and City desires to eliminate such interference or obstruction;

NOW THEREFORE, in consideration of the premises and the mutual covenants herein contained, Company and City do hereby agree as follows:

The location of Company's easement insofar as it now lies within the said highway right of way, be, and it hereby is, changed to the strip of land within said highway right of way, hereinafter referred to as "new location", and shown and designated as "Joint Use Agreement Area" on said print marked "Exhibit A".

Company agrees to rearrange, relocate and reconstruct within said new location, any of its facilities heretofore or now installed pursuant to Company's easement within said highway right of way. Company hereby consents to the construction, reconstruction, maintenance or use by City of a street or highway over, along and upon Company's easement, both in the old location and in the new location within said highway right of way, upon and subject to the terms and conditions herein contained.

City acknowledges Company's title to Company's easement in said new location and the priority of Company's title over the title of City in said new location. Company has and reserves the right and easement to use, in common with the public's use of said street or highway, said new location for all of the purposes for which Company's easement was acquired, without need for any further permit or permission from City. Except in emergencies, Company shall give reasonable notice to City before performing any work on Company's facilities in said new location where such work will obstruct traffic. In all cases, Company shall exercise due care for the protection of the traveling public.

In the event that the future use of said highway right of way shall at any time or times necessitate a rearrangement, relocation, reconstruction or removal of any of Company's facilities then existing in said new location, and City shall notify Company in writing of such necessity and agree to reimburse Company on demand for its costs incurred in complying with such notice, Company will provide City with plans of its proposed rearrangement and an estimate of the cost thereof, and upon approval of such plans by City, Company will promptly proceed to effect such rearrangement, relocation, reconstruction or removal. Company shall exercise due care for the protection of the traveling public. No further permit or permission from City for such rearrangement, relocation or reconstruction shall be required and City will (1) enter into a Joint Use Agreement on the same terms and conditions as are herein set forth covering any such subsequent relocation of Company's facilities within said highway rights of way, (2) provide executed document(s) granting to Company a good and sufficient easement or easements over private property if necessary to replace Company's easement or any part thereof, and (3) reimburse Company for any costs which it may be required to expend to acquire such easement or easements, provided it is mutually agreed in writing that Company shall acquire such easement or easements.

City agrees to indemnify, defend and reimburse Company for any loss or claim Company may suffer because of any lack of or defect in City's title to said new location or any subsequent location within said highway right of way, or in the title to any easement provided by City over private property, to which Company relocates its facilities pursuant to the provisions hereof, and City agrees that if Company is ever required to relocate its facilities because of any such lack of or defect in title, City shall reimburse Company for the cost of relocating its facilities and any other reasonable costs arising therefrom, such as, but not limited to, costs to acquire any right of way required for such relocation. City shall not reimburse Company for any loss caused by Company's own fault or negligence.

Except as expressly set forth herein, this agreement shall not in any way alter, modify or terminate any provision of Company's easement. Both City and Company shall use said new location in such a manner as not to interfere unduly with the rights of the other. Nothing herein contained shall be construed as a release or waiver of any claim for compensation or damages which Company or City may now have or may hereafter acquire resulting from the construction of additional facilities or the alteration of existing facilities by either City or Company in such a manner as to cause an unreasonable interference with the use of said new location by the other party. City agrees that Company's facilities shall not be damaged by reason of the construction, reconstruction or maintenance of said street or highway, by the City or its contractors, and that, if necessary, City will protect Company's facilities against any such damage, at City's expense.

Company shall have the right to remove, trim or top any vegetation, brush, tree or trees which may grow in said new location in said highway right of way, and which in the opinion of Company may endanger or interfere with the proper operation or maintenance of Company's facilities, to the extent necessary to prevent any such interference or danger.
