Subject: **Whit Carter Park Block Wall**

Recommendation:

Approve the appropriation of \$9,400.00 to account number 227-4631-301 for block wall construction at Whit Carter Park.

Fiscal Impact:

\$9,400.00; source of funding: Park Development Funds.

Background:

A pedestrian improvement wall was constructed at Whit Carter Park as part of the Neighborhood Improvements for that area. In order to connect the new wall with pre-existing walls, additional funds are required. Staff recommends that \$9,400.00 be appropriated from Park Development funds to make the wall continuous and bring it up to current standards for park construction.
