

RESOLUTION NO. 13-02

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LANCASTER, CALIFORNIA, ADOPTING THE CAPITAL IMPROVEMENT PLAN OF THE CONSOLIDATED FIRE PROTECTION DISTRICT AND THE ANNUAL ADJUSTMENT OF FIRE PROTECTION FEES

WHEREAS, the City Council of the City of Lancaster (“City Council”) finds that new development in the City of Lancaster (“City”) will generate increased concentration of residents, commuters, businesses, and visitors to the City, thereby imposing increased demand for fire station and emergency medical facilities; and

WHEREAS, the City Council has adopted Ordinance No. 612, reaffirming the City’s authority to impose development impact fees consistent with the requirements of Assembly Bill 1600 (Statutes 1987, Chapter 927) as set forth in the California Government Code Section 66000 et seq.; and

WHEREAS, the District has prepared a Capital Improvement Plan entitled Developer Fee Detailed Fire Station Plan dated May 1991, and the update dated October 2012 attached to this resolution (collectively the “Plan”), as adopted by the Los Angeles County Board of Supervisors on November 27, 2012, pursuant to the provisions of California Government Code Section 66002 and Ordinance No. 612; and,

WHEREAS, the City desires to receive an appropriate level of revenue from new development projects to provide fire station facilities and apparatus commensurate with the demand for fire protection and emergency medical services generated by new development to protect the public health, safety and welfare; and,

WHEREAS, the Plan identifies specific capital improvement projects in general priority order necessary to accommodate such increased development and mitigate the impacts on fire protection and emergency medical services imposed, thereby estimates project costs and sets forth the proportionate fair share of funding from Fire Protection Fees; and,

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LANCASTER, DOES
HEREBY RESOLVE, DETERMINE AND ORDER, AS FOLLOWS:**

Section 1. The Report, the Update and the Plan on file with the City Clerk of the City are hereby approved, adopted and incorporated herein by reference.

Section 2. The purpose and use of the Fire Protection Fee is to provide financing for land acquisition, construction, equipping and related capital costs for fire station facilities necessary to mitigate the demand for additional fire protection and emergency medical services created by new development.

Section 3. All new development contributes to an increased demand for expanded fire protection, emergency medical services and fire station facilities within the City, therefore, all new development will be subject to the Fire Protection Fee.

Section 4. Development of new fire station facilities will increase the ability of the City and the District to accommodate the increased demand for fire protection and emergency medical services generated by new development.

Section 5. The Fire Protection Fee is based upon gross square footage for all development.

Section 6. The amount of the Fire Protection Fee identified in Ordinance No. 612 hereby remains at its current rate of \$.8755 per gross square foot of new floor area. The amount of the Fire Protection Fee shall be adjusted annually by determination of the District.

Section 7. The Fire Protection Fee established herein is already in effect in the amount described and shall continue to apply to the issuance of any building permit, for any residential or non-residential development issued by the City of Lancaster.

Dear Mr. Boziggian:

On November 27, 2012, the Board of Supervisors of the County of Los Angeles (Board) adopted the Consolidated Fire Protection District's (District) Developer Fee Detailed Fire Station Plan update. The District's current developer fee amounts were unchanged and will remain in effect. Enclosed is a copy of the approved Resolution adopting the updated Fire Station Plan.

Pursuant to the Developer Fee Agreement between the District and the City of Lancaster (City), the City will need to adopt the updated Fire Station Plan within 60 days of Board adoption. Please have a copy of your City-approved resolution updating the Fire Station Plan sent to my office for our records.

Thank you for your City's continued participation in this vital program that provides essential funding for fire protection facilities and equipment for your community.

Very truly yours,

WHEREAS, on July 12, 1990, the Board of Supervisors of the County of Los Angeles approved and adopted a County of Los Angeles Developer Fee Program for the benefit of the Consolidated Fire Protection District of Los Angeles County (Developer Fee Program) in Area of Benefit 1, Malibu/Santa Monica Mountains, Area of Benefit 2, Santa Clarita Valley, and Area of Benefit 3, Antelope Valley (collectively, "Areas of Benefit") effective August 1, 1990, which Developer Fee Program is to be updated annually thereafter; and

WHEREAS, the City of Calabasas is located in the Malibu/Santa Monica Mountains Area of Benefit and the City Council of the City of Calabasas has entered into a Joint Powers Agreement with the County of Los Angeles in which the City and County jointly agreed to exercise the power to levy the Developer Fee in the City and to authorize the Board of Supervisors to conduct all proceedings in connection with the levy of fees and modifications of the fee amount within the City; and

WHEREAS, the County of Los Angeles desires to update the Developer Fee Detailed Fire Station Plan in accordance with Government Code Section 66002; and

WHEREAS, the need for increased fire service resources to maintain services is generated by new development; and

WHEREAS, proposed developments in areas which are designated in the Los Angeles County General Plan as urban expansion areas and areas identified as emerging expansion areas require additional fire protection resources to maintain services; and

WHEREAS, without additional fire stations and equipment, there will be insufficient resources to maintain an adequate level of fire protection services in areas of emerging urban expansion in Los Angeles County; and

WHEREAS, the Areas of Benefit of the Malibu/Santa Monica Mountains, the Santa Clarita Valley, and the Antelope Valley are emerging urban expansion areas; and

WHEREAS, the Consolidated Fire Protection District of Los Angeles County has prepared the updated Developer Fee Detailed Fire Station Plan dated October 2012 which identifies planned fire station facilities to be developed in the Areas of Benefit to accommodate emerging urban expansion and for which funding is to be provided through Developer Fee revenues generated within the Areas of Benefit; and

WHEREAS, the Consolidated Fire Protection District has prepared the Developer Fee Funds 2011-12 Fiscal Year-End Report in accordance with Government Code Section 66006.

NOW, THEREFORE, the Board of Supervisors resolves, finds, and determines that:

1. The foregoing recitals are true and correct.
2. The Developer Fee Program is for the purpose of generating funds for capital projects necessary to maintain fire protection services within the existing service areas of the Consolidated Fire Protection District of Los Angeles County, and is statutorily exempt per Section 15273(a)(4) of the California Environmental Quality Act Guidelines developed by the State Office of Planning and Research.
3. On November 27, 2012, a public hearing was held to update and consider: 1) the Developer Fee Detailed Fire Station Plan dated October 2012 (Attachment A) attached hereto and incorporated herein, which serves as the Developer Fee capital improvement plan and describes the acquisition, construction, installation, and equipping of fire stations to be funded with developer fee revenue; and 2) the Developer Fee Funds 2011-12 Fiscal Year-End Report (Attachment B).
4. The Board of Supervisors approves and adopts the updated Developer Fee Detailed Fire Station Plan dated October 2012 and the Developer Fee Funds 2011-12 Fiscal Year-End Report. All other terms and provisions of the Developer Fee Program as previously adopted by the Board of Supervisors of the County of Los Angeles shall remain unchanged and in full force and effect.

The foregoing resolution was adopted on the 27th day of November, 2012, by the BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES.

DEVELOPER FEE DETAILED FIRE STATION PLAN

FOR THE

**COUNTY OF LOS ANGELES DEVELOPER FEE PROGRAM
FOR THE BENEFIT OF THE
CONSOLIDATED FIRE PROTECTION DISTRICT
OF LOS ANGELES COUNTY**

OCTOBER 2012

DEVELOPER FEE DETAILED FIRE STATION PLAN

PREFACE

This Developer Fee Detailed Fire Station Plan (Plan) reflects the Consolidated Fire Protection District's (District) fire service requirements as of October 2012 based upon growth projections and contacts with cities and developers who have shared their development plans with the District.

The Plan identifies 19 additional fire stations, one temporary fire station, a replacement station, and the necessary capital equipment that will be required in the Areas of Benefit as well as the anticipated costs and time frames provided that development occurs as expected. The anticipated costs identified in the Plan will be funded by Developer Fee revenues or funds which the District has advanced from other sources. These advances will be repaid to the District when sufficient Developer Fee revenue is generated.

<u>Terms Used in Plan</u>	<u>Explanation</u>
Fire Station/Location	In most cases a site has not yet been acquired; the locations are therefore approximate.
Anticipated Capital Project Costs	<ul style="list-style-type: none">Where actual costs are not yet available, the anticipated capital projects costs are based upon the District's current cost experienced for construction, land and equipment.Apparatus cost includes the full cost of the apparatus as well as outfitting and equipment costs.No District overhead costs nor an inflation factor have been applied; all figures are based on current costs.Developer Fee credit may be granted for the conveyance of a site, apparatus, or construction of a fire station to help offset the impact of development on the District.
Project Cost Estimate	Based on average costs for fire stations recently completed and stations under development; includes plans, specifications, consultant services, plan check, permit and inspection fees, construction, project management, furnishings, and equipment.
Amount Budgeted	The amount budgeted could be from Developer Fee funds collected or advanced from District general revenues or certificates of participation. All advances made and/or interest incurred by the District to finance station development are to be repaid when Developer Fee revenues are sufficient. If no amount is budgeted, the development of the fire station may be delayed until Developer Fee revenues are sufficient to fund the site acquisition and/or construction of the fire station.
Equipment and Staffing	This plan reflects the proposed staffing and equipment to be implemented when each station and the development served by each station are built out in the respective areas of benefit. In many instances, a transitional staffing configuration will be utilized until build out occurs.
Fiscal Year	The Fiscal Year period begins July 1 and ends June 30.
Initiating Priority Year	Refers to the fiscal year that the land acquisition or construction of the fire station is anticipated to begin.
Target Occupancy	Target occupancy is approximately one to two years from the actual start of construction.
