CC 8. RESOLUTION NO. 13-17

Addressing the City Council on this matter:

Michael Rives – stated that the money for this initiative could be put to better use within public safety; opposed to this action.

Council Member Johnson stated that the HEAL Grant was a grant that was designed for this purpose alone. She stated that she appreciates Mr. Rives’s concerned for the safety within the community however this grant is designed for a specific program. To be able to receive a grant of this amount at this time is absolutely amazing. The City of Lancaster has worked very hard to receive this grant award and it truly was a celebration when it was approved. This grant will assist 29 Lancaster schools and it is not just for walking to school. It is for promoting healthy eating; a program called the Walking School Bus which was a huge success and involved so many people and children in the community. This grant will help the City to oversee what is happening in this community and it is about safety; education and healthy lifestyles.

On a motion by Vice Mayor Crist and seconded by Council Member Johnson, the City Council adopted **Resolution No. 13-17**, authorizing a staff person to serve as the initiative coordinator for this project and approved the appropriation of \$475,000 in grant funds from the Los Angeles County Department of Public Health for the HEAL Grant Initiative to Revenue Account No. 399-3303-200 and Expense Account No. 399-4520-770 to fund a Safe Routes to School (SRTS) Master Plan, by the following vote: 5-0-0-0; AYES: Johnson, Mann, Smith, Crist, Parris; NOES: None; ABSTAIN: None; ABSENT: None

PH 1. PROPOSED FISCAL YEAR 2013/2014 BUDGET AND FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM

Mayor Parris opened the Public Hearing. The City Manager, Deputy City Manager and the Finance Director presented the staff report regarding this matter.

Discussion included: budget challenges; engagement of the community; building stimulus program; public safety; alternative energy; a renewed downtown; businesses coming to Lancaster; reduced trash rates; new partnerships with the medical community; Wellness Homes; School Districts and the Antelope Valley Fair.

Further discussion took place regarding volunteer programs; customer relationships; City streetlights; pedestrian and bicycle safety.

The financial overview was discussed; 27% reduction in staff since 2007; reduced employee benefits; deferred capital replacement; proposed budget summary and proposed general fund.

An overview of the Capital Improvement Program was given; completed projects; project highlights; meeting future challenges; costs associated with public safety; long-term stability; on-going economic conditions; impact of redevelopment dissolution.

Vice Mayor Crist requested an explanation regarding CARPING.

Captain Nelson of the Lancaster Sheriff's Department stated that CARPING is an acronym for a Cadre of Administrative Resource Personnel. Those that are assigned to different administrative positions work a portion of what they would normally be doing in their job, whether it is a detective position; operations sergeant or lieutenant and they are reassigned to work in a patrol function. The CARP Program was supposed to be a temporary program; a stop-gap program. It saved roughly \$30 million for the department and the County, the first year it was implemented. This was done as a response to the drastic budget curtailments that the Sheriff's Department experienced at the hands of the County and there are some negative aspects to the program. For instance, Lancaster has the highest per investigator case loads in the County but as a result of CARPING, each of the detectives are required to work at least one shift a week in a patrol function.

Vice Mayor Crist asked the Public Safety Manager if this was an effective and efficient way to handle the deployment of the Sheriff's personnel.

PH 1. PROPOSED FISCAL YEAR 2013/2014 BUDGET AND FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM (continued)

Mr. D'Errico answered that CARPING was not efficient and was detrimental to law enforcement operations. Mr. D'Errico then stated that initially the County gave the Sheriff's Department a budget cut three years ago of \$120 million. CARPING became a one-year process to help deal with the cuts throughout the County. The impact was detrimental for Lancaster because it took detectives and administrative personnel that are paid through Lancaster's contract. Further discussion took place regarding statistical impacts of the program and impacted resources on the City and the Sheriff's Department.

The City Manager stated that the taxpayers are paying for services that the City is not receiving, however, through hard work and tremendous efforts, the City will be paying less and the County is going to provide Lancaster with seven additional personnel. The Lancaster Sheriff's Department, Captain Nelson, the Lieutenant and Lancaster's Public Safety Manager, Lee D'Errico have worked very hard to get to this point and have done a wonderful job regarding this matter.

Vice Mayor Crist stated that Captain Nelson has done a wonderful job at the station and morale at the station has improved.

The City Manager thanked the Finance Department staff for their hard work and the City Council for their leadership.

Addressing the City Council on this matter:

Michael Rives – discussed line items; streets; crime rates; bike paths; opposition to roundabouts; opposed to Council approving the budget without further detailed review.

The City Manager and the City Council explained that the City Council has been actively participating in budget meetings for several months; items have been reviewed line by line. Due to the Brown Act, meetings took place with only one or two Council Members at a time and at each meeting, the hard questions are asked; resources are discussed; they take the budget process seriously; deliberated; discussed the issues at hand regarding the Sheriff's Department. Additionally, it was stated that the City has an incredibly competent staff and they rely on the staff and the City Manager to present the information accurately.

Hearing no further testimony, Mayor Parris closed the Public Hearing.

On a motion by Vice Mayor Crist and seconded by Council Member Johnson, the City Council directed staff to schedule budget adoption for June 25, 2013, by the following vote: 5-0-0-0; AYES: Johnson, Mann, Smith, Crist, Parris; NOES: None; ABSTAIN: None; ABSENT: None

NB 1. PARTNERSHIP WITH THE NATIONAL COMMUNITY SERVICE CORPORATION

The Assistant to the City Manager presented the staff report regarding this matter.

Lancaster is looking to create a new partnership with the Corporation for National and Community Service (CNCS) to develop a community-wide volunteer program in the Antelope Valley. The CNCS is a federal agency that engages more than 4 million Americans in service through various programs including Senior Corps, AmeriCorps, and the Social Innovation Fund. Through the AmeriCorps VISTA (Volunteers in Service to America) program, individuals make a year-long, full-time commitment to serve at a nonprofit organization or local government agency, working to fight illiteracy, improve health services, create businesses, strengthen community groups, and much more. Currently, about 6,500 VISTAs are placed each year in more than 1,200 projects in low-income communities around the country.

NB 2. CONTINUATION OF THE BUILDING INCENTIVE STIMULUS PROGRAM

The Public Works Director presented the staff report regarding this matter.

In an effort to encourage new construction and alleviate the blight of abandoned tracts, the City Council approved a Building Stimulus Program in February, 2010. The original program was extended through the end of Fiscal Year 2010-2011. For Fiscal Year 2011-2012, the program was modified to provide a twenty-five percent (25%) discount of development impact fees within tracts only, and to defer the payment of non-discounted impact fees for commercial construction to the issuance of the Certificate of Occupancy. This program was continued for Fiscal Year 2012-2013. These programs have managed to maintain a steady rate of new home construction in a market that has continued to decline in other communities. It is for this reason staff believes it is still in the best interest of the City to support the building industry by continuing the existing program through June 30, 2014.

Vice Mayor Crist stated that many other cities are taking the lead from Lancaster's program and presenting it in their own cities.

Mayor Parris stated that staff is doing an incredible job and praised the Public Works Department for their efforts and creativity.

Addressing the City Council on this matter:

Michael Rives – opposed to this action.

Marta Golding Brown – representing the BIA, supports the continuation of this program; it has helped many members and is mutually beneficial to everyone.

On a motion by Vice Mayor Crist and seconded by Council Member Mann, the City Council adopted **Resolution No. 13-25**, a resolution of the City Council of the City of Lancaster, California, approving the continuation of the Building Incentive Stimulus Program for existing recorded tracts and new commercial development, by the following vote: 5-0-0-0; AYES: Johnson, Mann, Smith, Crist, Parris; NOES: None; ABSTAIN: None; ABSENT: None
