Subject: Amendment to the Salary Schedule for Temporary Employee Classifications

---

**Recommendation:**

Adopt **Resolution No. 13-62**, amending Resolution No. 12-37 by establishing the 2014 salary schedule for various temporary employee classifications.

**Fiscal Impact:**

These changes will result in an increase of 13% to the payroll for temporary employees. This amount is covered within the fiscal year 2013-14 adopted budget.

**Background:**

California Governor Jerry Brown signed Assembly Bill 10 which increases the state's minimum wage from \$8.00 to \$9.00 per hour on July 1, 2014. As a result, the temporary employee wage schedule has been amended to reflect this change.
