

RESOLUTION NO. 09-05

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LANCASTER, CALIFORNIA, ADOPTING THE CAPITAL IMPROVEMENT PLAN OF THE CONSOLIDATED FIRE PROTECTION DISTRICT AND THE ANNUAL ADJUSTMENT OF FIRE PROTECTION FEES

WHEREAS, the City Council of the City of Lancaster (“City Council”) finds that new development in the City of Lancaster (“City”) will generate increased concentration of residents, commuters, businesses, and visitors to the City, thereby imposing increased demand for fire station and emergency medical facilities; and

WHEREAS, the City Council, based on the (1) Report on a Developer Fee Plan for the Consolidated Fire Protection District of Los Angeles County (the “Report”) dated March 1990, which includes the territorial limits of the City in Area 3, and (2) Update of the County of Los Angeles Developer Fee for the Benefit of the Consolidated Fire Protection District dated June 12, 1991, and the update dated November 25, 2008, (collectively the “Update”) prepared by the Consolidated Fire Protection District of Los Angeles County (the “District”) and adopted by the County of Los Angeles for the funding of capital improvements necessary to provide fire protection and emergency medical services required by new development within the City of Lancaster, has adopted Ordinance No. 612, reaffirming the City’s authority to impose development impact fees consistent with the requirements of Assembly Bill 1600 (Statutes 1987, Chapter 927) as set forth in the California Government Code Section 66000 et seq.; and

WHEREAS, the District has prepared a Capital Improvement Plan entitled Developer Fee Detailed Fire Station Plan dated May 1991, and the update dated October 2008 (collectively the “Plan”), pursuant to the provisions of California Government Code Section 66002 and Ordinance No. 612; and,

WHEREAS, the City desires to receive an appropriate level of revenue from new development projects to provide fire station facilities and apparatus commensurate with the demand for fire protection and emergency medical services generated by new development to protect the public health, safety and welfare; and,

WHEREAS, the Plan identifies specific capital improvement projects in general priority order necessary to accommodate such increased development and mitigate the impacts on fire protection and emergency medical services imposed, thereby estimates project costs and sets forth the proportionate fair share of funding from Fire Protection Fees; and,

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF LANCASTER, DOES HEREBY RESOLVE, DETERMINE AND ORDER, AS FOLLOWS:

Section 1. The Report, the Update and the Plan on file with the City Clerk of the City are hereby approved, adopted and incorporated herein by reference.

Section 2. The purpose and use of the Fire Protection Fee is to provide financing for land acquisition, construction, equipping and related capital costs for fire station facilities necessary to mitigate the demand for additional fire protection and emergency medical services created by new development.

Section 3. All new development contributes to an increased demand for expanded fire protection, emergency medical services and fire station facilities within the City, therefore, all new development will be subject to the Fire Protection Fee.

Section 4. Development of new fire station facilities will increase the ability of the City and the District to accommodate the increased demand for fire protection and emergency medical services generated by new development.

Section 5. The Fire Protection Fee is based upon gross square-footage for all development.

Section 6. The amount of the Fire Protection Fee identified in Ordinance No. 612 is hereby established at \$.8620 per gross square-foot of new floor area. The amount of the Fire Protection Fee shall be adjusted annually by determination of the District.

Section 7. The Fire Protection Fee established herein shall apply to the issuance of any building permit, for any residential or non-residential development issued sixty days following the passage of this Resolution.

P. MICHAEL FREEMAN  
FIRE CHIEF  
FORESTER & FIRE WARDEN

RECEIVED

DEC 22, 2008

CITY OF LANCASTER  
ADMINISTRATION

December 17, 2008

Mark V. Bozigan, City Manager  
City of Lancaster  
44933 N. Fern Avenue  
Lancaster, CA 93534-2461

Dear Mr. Bozigan:

On November 25, 2008, the Board of Supervisors of the County of Los Angeles (Board) adopted the Consolidated Fire Protection District (District) Developer Fee Program update. This includes the updated Fire Station Plan and Developer Fee amount of \$.8620 per square foot of new development in the Antelope Valley Developer Fee Area of Benefit (Area of Benefit 3). Also included in this year's update is the elimination of the developer fee's rural exemption and the addition of exemptions for certain types of developments not classified as buildings. The updated Developer Fee will become effective February 1, 2009 in the unincorporated areas within Area of Benefit 3. Enclosed is a copy of the approved Resolution adopting the updated fee and Fire Station Plan.

Pursuant to the Developer Fee Agreement between the District and the City of Lancaster (City), the City will need to adopt the updated Developer Fee and Fire Station Plan within 60 days of Board adoption. Please have a copy of your City-approved resolution updating the City's fee sent to my office for our records.

Thank you for your City's continued participation in this vital program that provides essential funding for fire protection facilities and equipment for your community.

Very truly yours,

DEBRA AGUIRRE, CHIEF  
PLANNING DIVISION

DA:oa

Enclosure

**IN THE MATTER OF FINANCING FOR  
FIRE PROTECTION FACILITIES**

**RESOLUTION OF THE BOARD OF SUPERVISORS OF THE  
COUNTY OF LOS ANGELES TO UPDATE THE COUNTY OF LOS ANGELES  
DEVELOPER FEE PROGRAM FOR THE BENEFIT OF THE CONSOLIDATED FIRE  
PROTECTION DISTRICT OF LOS ANGELES COUNTY AND TO CONSIDER  
THE DEVELOPER FEE FUNDS 2007-08 FISCAL YEAR END REPORT**

WHEREAS, on July 12, 1990, the Board of Supervisors of the County of Los Angeles approved and adopted a County of Los Angeles Developer Fee Program for the benefit of the Consolidated Fire Protection District of Los Angeles County (Developer Fee Program) in Area of Benefit 1, Malibu/Santa Monica Mountains, Area of Benefit 2, Santa Clarita Valley, and Area of Benefit 3, Antelope Valley (collectively, "Areas of Benefit") effective August 1, 1990, which Developer Fee Program is to be updated annually thereafter; and

WHEREAS, the City of Calabasas is located in the Malibu/Santa Monica Mountains Area of Benefit and the City Council of the City of Calabasas has entered into a Joint Powers Agreement with the County of Los Angeles in which the City and County jointly agreed to exercise the power to levy the Developer Fee in the City and to authorize the Board of Supervisors to conduct all proceedings in connection with the levy of fees and modifications of the fee amount within the City; and

WHEREAS, the County of Los Angeles desires to update the Developer Fee Program in the Areas of Benefit, which includes the amount of the fee and the Developer Fee Detailed Fire Station Plan, in accordance with Government Code Section 66000 et seq.; and

WHEREAS, the need for increased fire service resources to maintain fire protection services is generated by the progress of development; and

WHEREAS, proposed developments in areas which are designated in the Los Angeles County General Plan as urban expansion areas and areas identified as emerging expansion areas require additional fire protection resources to maintain fire protection services; and

WHEREAS, certain communities within the urban expansion areas which were considered rural during the inception of the developer fee program have experienced continual growth contributing to the cumulative impact on services provided by the Consolidated Fire Protection District (District) thereby necessitating the addition of three fire stations to the developer fee detailed fire station plan; and

WHEREAS, there are certain types of development, which are not classified as buildings and which do not contribute to the cumulative impact on District services, which should be exempt from the imposition of the Developer Fee; and

WHEREAS, without additional fire stations and equipment, there will be insufficient resources to maintain an adequate level of fire protection services in areas of emerging urban expansion in Los Angeles County; and

WHEREAS, the Areas of Benefit of the Malibu/Santa Monica Mountains, the Santa Clarita Valley, and the Antelope Valley are emerging urban expansion areas; and

WHEREAS, funding of fire protection services to accommodate emerging urban expansion in the Areas of Benefit of the Malibu/Santa Monica Mountains, the Santa Clarita Valley, and the Antelope Valley is inadequate and will continue to be inadequate without additional funding sources; and

WHEREAS, property tax revenues are not available when needed, as they are generated after development occurs, and are insufficient to fund the development and operation of fire protection facilities to address fire protection service demands in emerging urban expansion areas; and

WHEREAS, the Consolidated Fire Protection District of Los Angeles County has prepared the updated Developer Fee Detailed Fire Station Plan dated October 2008, the 2008 Developer Fee Update Fee Calculation Summary, and the Developer Fee Funds 2007-08 Fiscal Year-End Report.

NOW, THEREFORE, the Board of Supervisors resolves, finds, and determines that:

1. The foregoing recitals are true and correct.
2. The Developer Fee Program is for the purpose of generating funds for capital projects necessary to maintain fire protection services within the existing service areas of the Consolidated Fire Protection District of Los Angeles County, and is statutorily exempt per Section 15273 (a)(4) of the California Environmental Quality Act Guidelines developed by the State Office of Planning and Research.
3. The exemption of developer fees on developments on rural land included in the Resolution to Accept the Report on a Developer Fee Plan for the Consolidated Fire Protection District of Los Angles County and to Declare the Intention to Designate Areas of Benefit as adopted April 3, 1990, was for the purpose of exempting small, isolated rural developments that did not impact the need for additional fire protection services. However, much of the growth that has occurred since 1990 has been dispersed within the rural, or non-urban, areas in the Areas of Benefit and the growth in and surrounding small rural communities has had as much cumulative impact on

the services provided by the District as surrounding land use categories. To address the cumulative impact in these areas, three additional fire stations have been included in the Developer Fee Detailed Fire Station Plan to be funded with developer fee revenue. Therefore, it is no longer reasonable to provide an exemption for area specific development. Accordingly, the exemption for development on rural land is being eliminated. Additionally, there are certain types of development which have been found to not have a cumulative impact on District services such as, canopies used for hay storage, shelters used exclusively for livestock, green houses, cell towers, and certain equipment shelters. These types of developments will no longer be subject to the Developer Fee. However, structures of any kind which are intended for the use of storage are not exempt from the imposition of the Developer Fee.

4. On November 25, 2008, a public hearing was held to update the Developer Fee Program and to consider: 1) the updated Developer Fee Detailed Fire Station Plan dated October 2008 (Attachment A) attached hereto and incorporated herein, which serves as the capital improvement plan and describes the acquisition, construction, installation, and equipping of fire stations; 2) the 2008 Developer Fee Update Fee Calculation Summary (Attachment B) attached hereto and incorporated herein, which imposes a separate fee calculation for each Area of Benefit based upon actual fire station development costs experienced in each of the three areas; and 3) the Developer Fee Funds 2007-08 Fiscal Year-End Report (Attachment C).
5. Based upon the foregoing recitals, the updated Developer Fee Detailed Fire Station Plan dated October 2008, and the 2008 Developer Fee Update Fee Calculation Summary, there are reasonable relationships between: 1) the Developer Fee's use and the type of development projects on which the Developer Fee is imposed; 2) the need for fire station facilities and the type of development project on which the Developer Fee is imposed; and 3) the amount of the Developer Fee and the cost of all or a portion of the fire station facilities attributable to the development on which the Developer Fee is imposed.
6. The Board of Supervisors approves and adopts the updated Developer Fee Program in the Areas of Benefit for the benefit of the Consolidated Fire Protection District of Los Angeles County as follows:
  - a) the updated Developer Fee Detailed Fire Station Plan dated October 2008 is approved and adopted;
  - b) the 2008 Developer Fee Update Fee Calculation Summary is approved and adopted;
  - c) the Developer Fee Funds 2007-08 Fiscal Year-End Report is approved and adopted;

- d) the updated Developer Fee amounts per square foot of the new floor areas of buildings of \$.9296 in Area of Benefit 1 and the City of Calabasas, \$.9550 in Area of Benefit 2, and \$.8620 in Area of Benefit 3 are approved and shall become effective in the unincorporated areas within the Areas of Benefit and the City of Calabasas on February 1, 2009;
- e) Development on rural land will no longer be exempt from the imposition of the Developer Fee. Exemptions to the developer fee will be provided to the following development types which do not impact District services: canopies used for hay and/or feed storage; pipe corrals, shaders and/or shelters used exclusively for livestock (i.e., "mare motels"); green houses; cell towers; equipment shelters and other similar development types not classified as "buildings" as determined by the District. Structures of any kind which are intended for the use of storage and require a building permit are not exempt from the imposition of the Developer Fee.
- f) all other terms and provisions of the Developer Fee Program as previously adopted by the Board of Supervisors of the County of Los Angeles shall remain unchanged and in full force and effect.

The foregoing resolution was adopted on the 15<sup>th</sup> day of November, 2008  
by the BOARD OF SUPERVISORS OF THE COUNTY OF LOS ANGELES.

SACHI A. HAMAI, Executive Officer  
of the Board of Supervisors

**DEVELOPER FEE DETAILED FIRE STATION PLAN**

FOR THE

**COUNTY OF LOS ANGELES DEVELOPER FEE PROGRAM  
FOR THE BENEFIT OF THE  
CONSOLIDATED FIRE PROTECTION DISTRICT  
OF LOS ANGELES COUNTY**

OCTOBER 2008

## **DEVELOPER FEE DETAILED FIRE STATION PLAN**

### **PREFACE**

This Developer Fee Detailed Fire Station Plan (Plan) reflects the Consolidated Fire Protection District's (District) fire service requirements as of October 2008 based upon growth projections and contacts with cities and developers who have shared their development plans with the District.

The Plan identifies 22 additional fire stations, one temporary fire station, and the necessary capital equipment that will be required in the Areas of Benefit as well as the anticipated costs and time frames provided that development occurs as expected. The anticipated costs identified in the Plan will be funded by Developer Fee revenues or funds which the District has advanced from other sources. These advances will be repaid when sufficient Developer Fee revenue is generated.

### **Terms Used in Plan**

#### **Fire Station/Location**

#### **Anticipated Capital Projects Costs**

- Where actual costs are not yet available, the anticipated capital projects costs are based upon the District's current cost experienced for construction, land and equipment.
- Apparatus cost includes the full cost of the apparatus as well as outfitting and equipment costs.
- No District overhead costs nor an inflation factor have been applied; all figures are based on current costs.
- Developer Fee credit may be granted for the conveyance of a site, apparatus, or construction of a fire station to help offset the impact of development on the District.

#### **Project Cost Estimate**

Based on costs for fire stations currently under development which include plans and specifications, consultant services, plan check, permit and inspection fees, construction, and project management.

#### **Amount Budgeted**

The amount budgeted could be from Developer Fee funds collected or may be advanced from District general revenues. All advances made by the District are to be repaid when Developer Fee revenues are sufficient. If no amount is budgeted, the development of the fire station may be delayed until Developer Fee revenues are sufficient to fund the site acquisition and/or construction of the fire station.

#### **Fiscal Year**

The Fiscal Year period begins July 1 and ends June 30.

| Antelope Valley  | Apparatus   | \$1,976,010                                      | 2 Quints   | Due to the amount of development that has occurred in the Antelope Valley, two quints will be acquired and placed in fire stations within the Antelope Valley.                              |

In addition, land acquisition only will be initiated for the following three fire stations. Early land acquisition will ensure that the future fire stations will be optimally placed when these areas develop in the future. The progress of development in these areas will be monitored for timing of the future construction of these stations:

|  |      |            |  |  |

| Fire Station 142<br>Crown Valley/Sierra Highway<br>Antelope Valley       | Land | \$ 531,250 |  | The Fire Department is in the process of identifying potential sites for acquisition. A larger site will be acquired to accommodate a future helipad at the station. |

\*Initiating Priority Year refers to the fiscal year that the land acquisition or construction of the fire station is anticipated to begin.

\*\*Target Occupancy is approximately one to two years from the actual start of construction.

\*\*\*The District intends to finance costs that exceed the developer fee funds available within Area 2 - Santa Clarita Area of Benefit. The District will be reimbursed the costs it advances, including any interest charges, from the Area 2 - Santa Clarita Area of Benefit as revenues are collected and from the City of Santa Clarita for the City's proportionate share of fire station facilities financing.

**CONSOLIDATED FIRE PROTECTION DISTRICT  
DEVELOPER FEE FUNDS  
2007-08 FISCAL YEAR-END REPORT**

| Developer Fee<br>Area of Benefit 1<br>LACoFD - 50201 DA 7<br>Santa Monica Mtns. <sup>(a)</sup> | Developer Fee<br>Area of Benefit 2<br>LACoFD - 50202 DA 8<br>Santa Clarita Valley <sup>(e)</sup> | Developer Fee<br>Area of Benefit 3<br>LACoFD - 50203 DA 9<br>Antelope Valley <sup>(c)</sup> |
|--|--|---|
| Fiscal Year 2007-08 Beginning Balance  | \$1,219,159.15   | \$7,106,091.44  |
| Total Developer Fee Revenue Collected <sup>(d)</sup>   | 994,746.40   | 291,652.14  |
| Total Interest Earned  | 50,054.35  | 266,023.97  |
| Total Fund Expenditures  | -  | (5,158,482.86) <sup>(e)</sup>   |
| Total NSF Checks   | -  | -   |
| Total Refunds  | -  | (9,786.22)  |
| Fiscal Year 2008-09 Beginning Balance*   | <u>\$2,263,959.90 <sup>(g)</sup></u>   | <u>\$2,495,498.47 <sup>(h)</sup></u>  |
|  |  | \$19,350,551.34 <sup>(i)</sup>  |

(a) Includes all of the unincorporated area within Area of Benefit 1 and the cities of Agoura Hills, Calabasas, and Malibu. Agoura Hills collects developer fees and transfers the revenue to the Consolidated Fire Protection District (District) when requested by the District. The District collects developer fees for the cities of Malibu and Calabasas.

(b) Includes all of the unincorporated area within Area of Benefit 2 and the City of Santa Clarita. Santa Clarita collects developer fees and transfers the revenue to the District upon request by the District for reimbursement of funds expended.

(c) Includes all of the unincorporated areas within Area of Benefit 3 and the City of Lancaster. Lancaster collects developer fees and transfers the revenue to the District on a quarterly basis.

(d) The developer fee rate in Fiscal Year 2007-08 was as follows: Area of Benefit 1 = \$.9223; Area of Benefit 2 = \$.9341; Area of Benefit 3 = \$.8546.

(e) Expenditures were for the development of Fire Stations 104, 108, 128, 132, 143, 150, and 156.

(f) Expenditures were for the development of Fire Station 142 in the southern Antelope Valley area.

(g) Funds to be used to reimburse the District for the development of Fire Station 89 in the City of Agoura Hills which was completed in 2006.

(h) Funds to be used to fund Fire Stations 108, and 128. Future developer fee revenues will be used to complete these facilities.

(i) Funds to be used for land acquisition for two fire station sites in the unincorporated Palmdale area which is anticipated to occur in Fiscal Year 2008-09, a site for Fire Station 142 in the Acton/Aqua Dulce area, and for the development of Fire Station 174 in Neenach for which land acquisition is anticipated to occur in Fiscal Year 2008-09, and for the development of Fire Station 174 in Neenach for which land acquisition is expected to occur in Fiscal Year 2012-13.

\* Based upon the Developer Fee Detailed Fire Station Plan dated October 2008 and the 2008 Developer Fee Update Fee Calculation Summary, there is a reasonable relationship between the Developer Fee and the purpose for which it is charged.
