

STAFF REPORT
City of Lancaster

NB 2
08/11/09
MVB

Date: August 11, 2009

To: Mayor Parris and City Council Members

From: James R. Williams, Director of Public Works

Subject: **Introduce Ordinance to Modify Sanitary Sewer and Industrial Waste Ordinance No. 910**

Recommendation:

Introduce **Ordinance No. 932**, an Ordinance of the City Council of the City of Lancaster, California, to Modify Ordinance No. 910, the Sanitary Sewer and Industrial Waste Ordinance.

Fiscal Impact:

The fiscal impact is unknown, but the fees collected will cover any services provided.

Background:

The Lancaster City Council adopted Ordinance No. 910 on January 13, 2009, which replaced entirely City Ordinance Nos. 91 and 488.

The proposed modifications to Ordinance No. 910 will strengthen the City's the legal authority needed as part of the State mandated Waste Discharge Requirements. The ordinance specifically replaces Sections: 13.07.060 regarding responsibility and maintenance of facilities such as house laterals and dispute resolution and 13.08.180 with respect to specific design requirements for sewage pumping plants. It also clarifies the fee table in Section 13.07.300; and modifies Section 13.08.390 as to where funds collected due to violations of the ordinance are to be deposited.
